Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

On behalf of the Neil family, I wish to express my appreciation to Station 14 for the quick response to my Mother, Mildred Neil.

At home in San Francisco, early on Friday, December 9, 1994, Mom complained of chest pains and called 911. Fire Alarm was notified and Engine 14 arrived in Mom's home within minutes and provided medical attention, under the direction of Lieutenant John McAllister. Mom was in stable condition and was transported to U.C. Hospital. She had suffered a severe myocardial infarction and died hours later. My brother, Jack, was at her bedside and she said to say a special thanks to the firefighters for their help.

As a firefighter in San Francisco, I know I can feel assured that my Mother had the best of care. From all the members of my family, I say Thank You.

Respectfully yours,

/s/ JAMES H. NEIL

December 27, 1994

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

I wish to express my appreciation for the medical assistance provided by Lieutenant Kevin Garry, Firefighters Robert Arzave, Thomas Gibson, Wallace Quinn and James Vargas.

On Wednesday, December 14, 1994, at Star of the Sea church during the funeral services for my Mother, Mildred Neil, a family friend, Joe McKeever, fainted. Under the direction of Lieutenant Garry, the firefighters carried Mr. McKeever to the rear of the church and performed emergency medical treatment. They determined that CPR was necessary. A pre-cordial blow was administered and Mr. McKeever responded immediately. With the aid of Station 14, he was then assisted into the awaiting ambulance.

Mr. McKeever is at home today, alive and well, thanks to the experience and fast action of the members of Station 2. It is comforting to know that we have such friends in the time of need.

Respectfully yours,

/s/ JAMES H. NEIL

A) Letters of Commendation (Continued)

Recreation and Park Department
McLaren Lodge, Golden Gate Park
San Francisco, California 94117

December 20, 1994

Mr. John A. Ertola, President
San Francisco Fire Commission
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Commissioner Ertola:

On behalf of the Special Needs Divisions of the San Francisco Recreation and Park Department and their guest from participating agencies throughout the four Bay Area counties, we would like to thank and commend Assistant Chief William Richardson, the firefighters of Engine 9, and Firefighters Local 798 for their continued support in making the 28th Annual Christmas Luncheon for the developmentally disabled a huge success.

The luncheon was organized 27 plus years ago by joint efforts of the San Francisco Fire Department, Engine 9 and Truck 9, the Bay Area Service League, Inc., and the San Francisco Recreation and Park Department. This year we had close to 350 guests in attendance.

The firefighters from Engine 9 and Truck 9 with Assistant Chief Richardson coordinating the arrangements, contacted and secured the services of the St. Francis-Westin Hotel Catering Division to prepare and cook the turkeys, make the dressing and gravy. The San Francisco Fire Department picked up and delivered the turkeys to the San Francisco County Fair Building and the firefighters carved and served the turkeys. Once again, Firefighter Timothy Fewell further enhanced this special day by playing the role of Santa Claus. He was absolutely great!

The San Francisco firefighters are a very special group of professionals. Their genuine caring, enthusiasm and help always makes the party extra special and a grand success.

Best wishes to you, the Fire Commission, Assistant Chief William Richardson, Engine 9 and Truck 9 for a happy and safe New Year.

Sincerely,

/s/ DAVID DINSLAGE
Assisted Service Division

F) Personal Services Contract

Submitted for review and adoption a proposed personal services contract in the amount of \$170,000 from CORE Corporation for the H4 Inspector (BFP) examination.

Vice President Griffin moved and Commissioner Molinar seconded.

Audry Lee, President, Black Firefighters Association inquired if the contract went out to bid. President Ertola asked Alan Wong, Manager, Fire Services Exam Unit, to respond. Mr. Wong replied negatively. President Ertola said that we went through this the last time an examination-related contract was on our calendar. Mr. Lee asked why it wasn't let out for bid. Mr. Wong replied that the City Attorney's office advised the Department to use CORE Corporation ... This issue was discussed when the recent H20/H30 contracts were being considered by the Fire Commission and this contract is not going out to bid. Mr. Lee said he remembered bringing it up. President Ertola said he remembered discussing it here, and referring it to the City Attorney's office for an opinion as to whether it should proceed in this fashion, and he thought it was understood that we were going to go ahead (with CORE). That was decided not for this contract (H4 Inspector) but for the last contract (H20/H30) when we had a similar question. Commissioner Molinar said it was her understanding that one of the reasons it was not put out to bid was that CORE has been certified by the Court, and none of their tests has ever been successfully challenged. To go into a bidding situation - then that contractor would have to get court approval, and that would cause undue delay ... Mr. Wong commented that CORE has developed fourteen examinations - eleven promotional and three entrance. None of the examinations has been successfully challenged; the Department has been able to meet the Consent Decree goals in terms of hiring, and at this point with the Consent Decree exam schedule ending it doesn't make a lot of sense now to go to a different contractor when the members of the Department are used to one type of exam. All contractors develop exams differently and candidates are now used to preparation manuals and certain types of guidelines. Vice President Griffin asked how long CORE had been conducting exams for the Department. Mr. Wong replied since 1987. Vice President Griffin commented that they have done all the exams throughout the life of the Consent Decree. Chief Medina noted that this may be one of the last exams administered under the Consent Decree. He strongly recommended that CORE receive the contract, mainly because of their excellent record which enabled the Department to establish a diverse workforce; to change at this point would not be wise. Mr. Lee commented that he wanted to bring to the attention of everyone what he believes the City Charter to say: that anything over \$50,000 is supposed to be put out to bid. Chief Medina noted that we are operating under a Consent Decree which sometimes allows waiving Charter requirements.

There were no further questions or discussion and the proposed personal services contract was adopted on recommendation of Chief of Department.

Dear Chief Medina:

This note is to thank you for all your wonderful attention to me on December 18, 1994.

It seemed I was in the throes of a heart attack when my wife phoned 911. I don't know how long it took for you all to arrive, but it seemed like no more than two minutes.

Your professional and obvious caring treatment and behavior was wonderful to behold and I'm sure has a great deal to do with how well I feel today.

I belong to Kaiser; but the ambulance took me to UCSF because it was closest and I spent a day in CCU before being transferred to Kaiser for angioplasty, etc.

After a few days - home.

Thanks again for your incredibly fast response to my crisis.

You all were great. God Bless!

Dear Chief Medina:

You were a most generous chief of a city department to allow a 12-member team to create and present a fantastic day of enjoyment for everyone at SPAC. Can you believe that on that rainy day they brought a large decorated Christmas tree to the church and also candy canes for everyone.

They had their own four piece band which presented such delightful holiday music including Christmas carols.

The food was fantastic with Chicken Cordon Bleu, baked potatoes, mixed vegetables, the greatest green salad with huge mushrooms. For dessert we had home-baked cookies with our coffee.

The gentlemen who participated included Captain Romero Mabutas, Firefighters William Delucchi, Donald Dryden, Stephen Gonzales, Thomas Griffin, John Parent, Kenneth Scalmanini, Matthew Scola, John Skance and John Walters, along with Hon Hung and Sin Yiu Kwan. And everyone of them gave their all!

This event was so very meaningful for our participants. When I wrote to you first there was a summary included describing SPAC. These individuals have dreary lives and when a big social event takes place it brings so much happiness. This whole banquet was done to show appreciation for their dedication and loyalty.

Thus, this letter is a sincere expression of my appreciation for all of the firemen who took part in this warm and rewarding event.

Most graciously,

/s/ LUCILLE RAMSTETTER

January 10, 1995

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

With due respect to all firefighters in the City of San Francisco, I would like to make a special commendation for four of your men: Lieutenant Edward Arce, Firefighters Phillip Fitting, Randall Hendricks and Gilbert Jacobs.

On Wednesday, January 4th, at approximately 7:00 p.m., we had an emergency situation at 1401 Douglass Street. We were locked out of the house of an elderly friend who had collapsed inside the house with no way to let us in. We called 911 and within two minutes (literally) the fire engine and the above named men were at our location.

The professionalism displayed by your men before entering the house, while in the house with the patient, and after the paramedics had arrived was very impressive.

They inquired about any animals they should be aware of in the house (aggressive dogs and the like), whether there was anything they should know about the patient before they saw him and whether there was anything else they should be aware of before entering the house. Once with the patient, they displayed all the skills of trained paramedics. I had no idea that firefighters were so well versed in medical emergencies, it seemed as if there were four trained doctors on the floor with the patient instead of four firefighters. Perhaps as importantly: they handled the patient with the most dignity, gentleness and care. They were careful not to frighten the patient by talking in too descriptive a language about the gash on his head, and had the patient quite relaxed by the time the paramedics arrived. While the paramedics were there, your men stayed to help the two paramedics with anything and to make sure that the patient was safely in the ambulance.

I have not had much experience with the fire department here or in my native Norway, but I can confidently say that the job your four men carried out on January 4th deserves the highest credit. Congratulations for having such a well-trained, professional team!

Sincerely,

Dear Chief Medina:

I'm writing in regard to your response to the fire at Castro and Lloyd Streets on Wednesday, December 6, 1994. The residents of 66 Lloyd Street want to say an enormous THANK YOU!! The firefighters arrived within minutes and had the fire under control very quickly. Not only was the response very rapid and professional in controlling the blaze, but the firefighters took the time to show concern for our possessions as well. While it was clear that many items had to be moved or thrown out of the way quickly in the interest of time, any item that seemed fragile and of value, like a TV and a radio, were carefully moved to a safe location. As a result, damage to our possessions was minimal. The firefighters were also very patient and helpful in answering our questions after the fire was out. One of them even apologized for the mess!

We are extremely grateful to the men and women who assisted in any capacity to help prevent a small disaster from becoming a huge one.

Sincerely,

Dear Chief Medina:

On Tuesday, January 31, 1995, our Engine 3 experienced mechanical problems while at Fort Mason. Assistant Chief Phipps contacted your department requesting assistance. Help was promptly supplied and a dedicated effort was put forth by your personnel to correct the problems. It was determined later, our engine needed to be towed to a heavy equipment maintenance facility. Your department then offered to loan us a reserve engine.

Members of your department then assisted my fire fighters in changing over equipment and loading hose. This was somewhat time consuming but was accomplished in a timely and cheerful manner.

We would like to express our appreciation for the assistance provided to us and to let you know how much we appreciate the outstanding men and women of the San Francisco Fire Department.

Thank you again for all of the wonderful visits that the San Francisco Fire Department provided here at Shriners Hospital for Crippled Children. Special thanks to Firefighter Stephen Moore and firefighter friends who caroled and put on a great magic show for the children, their families, and staff and to Firefighter John Voelker of the Toy Program who provided us gifts and let us use one of the Santa's suits. Also, we greatly appreciate Battalion 8's visit Christmas morning where the firefighters and Santa played by Firefighter Michael Belcher handed out presents to the patients, and helped to open and put together some of the gifts. Your assistance in all of these activities are truly generous and are appreciated very much by our staff and most of all the children here. The firefighters did an exceptional job brightening the day of the patients who spent the holiday season in the hospital.

The Board of Governors and Staff of the Hospital are grateful for your thoughtfulness and for your interest in the happiness and well-being of the young patients for whom we are caring.

Our many thanks and best wishes.

January 13, 1995

Deputy Chief James P. Olson
San Francisco Fire Department

Dear Chief Olson:

I would like to commend Firefighters Andrew Sobozinsky and Thomas Masterson who assisted me in a unique demonstration at the University of California, San Francisco on January 11, 1995. On that day, I had been asked to give an Emergency Medical Services presentation to the first year medical school class at UCSF. During this two-hour lecture, we conducted a mock cardiac arrest in which a "plant," that is a person who is in the audience unknown to the medical students, developed chest pains during the course of the lecture. After placing a mock call to 911, Firefighters Sobozinsky and Masterson arrived in uniform with their equipment and proceeded to do a mock resuscitation of this patient when he suffered a "cardiac arrest."

Most of the students present at this lecture had no idea that this was a staged demonstration, and they were exceptionally impressed with the performance and professionalism of Firefighters Sobozinsky and Masterson and I commend them for their actions. I would like to point out that both the preparation needed for this demonstration as well as the mock resuscitation itself were performed on the firefighters' own time without consideration of compensation. They did this both as a favor to me and as a public service to UCSF and the community. It is actions like these that reflect so highly on all of us in the department, and can only serve to improve our standing within the EMS community. I hope you will join me in commending these firefighters and I look forward to speaking with you soon.

Sincerely,

/s/ S. MARSHAL ISAACS, MD

Upon arrival of our first-in equipment, Fire Marshal Sudano was able to give an excellent condition report and assisted our officer in making his initial attack.

E) Public Comment

Ernest Li, presently assigned to the Consent Decree Transition Team. He commented that today he heard some news that was a personal attack on his integrity, in terms of his involvement with the Department and trying to move the Department forward. It was said that I was not for the Consent Decree. This is totally false. When I was President of the Asian Firefighters Association, time and time again, I have always applauded the Consent Decree and the need to integrate this Department. I think it is a great disservice that the Plaintiff/Intervenors come up and make accusations that are unfounded. I have always promoted the integration of this Department. Ever since I came in the Department -1970 - with the Fire Service Technician (FST) program, which was a minority program, I have always gone out and recruited minorities for this Department and I think it is ... I am just appalled that people would attack my integrity in terms of what I represent. I am very upset that the Plaintiff/Intervenors would use something like the 18th Report of the Court Monitor, to say that I oppose the Consent Decree. That was not about the Consent Decree, it was about the receivership of this Department, which is a

E) Public Comment (Continued)

totally different subject matter. I think that they are way off base, and I can't allow them to go unchallenged in terms of their accusations, and again I will say as an individual: I am for the Consent Decree, always have been. I'm for affirmative action, and anyone who would like to look at my record, I have hard copy that I can produce for them to see where I stand, and I just wanted to make a public record.

Commissioner Molinar responded that as an individual Commissioner, and I think I may be speaking for the rest of the Commission: We want to thank you for the tremendous work you have done for this Department, and for the tremendous work you are doing for the Consent Decree Transition Team.

Vice President Griffin said that it goes for the entire Transition Team.

President Ertola said we all feel that way and that not only you (Lieutenant Li) but the entire Transition Team has worked so hard and diligent to achieve the end we all have in mind, that is to comply with the Consent Decree and have it end so that we can do our job on our own.

Audry Lee, President, Black Firefighters Association - Are you speaking about the Consent Decree Transition Team or are you speaking of the two persons who are at the head of the Transition Team? President Ertola responded that we were speaking about everyone who has been putting any effort into the Transition Team's objectives. That includes first of all the two persons who are assigned full time and anyone else who assists them from time to time. Vice President Griffin commented that it includes all the task committees. Mr. Lee inquired if there was a roster listing those persons. President Ertola replied that he was not sure. I imagine it is as needed, and they are called upon to help.

Michael Mendelson, attorney-at-law, commented that he would be representing Battalion Chief Rod Bennett in his upcoming hearing and wondered when he would be able to obtain specifications and paper work. Acting Chief Olson replied that we could provide a copy of the blood test, and urinalysis test, and that is basically it. Acting Chief Olson asked Mr. Mendelson to call in the morning.

4. REGULAR CALENDAR -- UNFINISHED BUSINESS

Recess: 9:10-9:25 a.m.

A) Formal Hearing (Cont'd from Meeting of 01-24-95)

Formal Hearing concerning formal complaint filed by Joseph A. Medina, Chief of Department, on January 18, 1995, against Firefighter Franco Calzolari, charging him with violation of the Rules and Regulations as follows:

Section 3912 -- Intoxicants/Drugs

Section 3923 -- Disobedience

Section 3924 -- Insubordination

9:25-9:35 a.m.

Deputy City Attorney Margaret Baumgartner represented the Department; Brendan Conroy, attorney-at-law, represented Firefighter Franco Calzolari, who was present.

President Ertola asked Mr. Conroy if he wished to make a request to exclude witnesses and have a closed hearing. Mr. Conroy replied affirmatively, and President Ertola so directed.

Deputy City Attorney Margaret Baumgartner announced that a negotiated settlement had been reached between counsel and she read the settlement into the record. President Ertola determined that Mr. Conroy and his client agreed to the settlement.

Firefighter Calzolari pled guilty to the three charges.

President Ertola summarized the negotiated settlement as follows:

... Termination by the Fire Commission held in abeyance for three years on the following conditions:

Firefighter Calzolari shall serve a 90-day suspension, with credit for time already served (January 13, 1995 through April 12, 1995); shall obey all department rules, including those concerning the use and possession of alcohol, intoxicants and drugs; shall submit to random drug testing for a period of three years.

If the Fire Commission determines that there is non-compliance or lack of cooperation on the part of Firefighter Calzolari, the Fire Commission may take action to invoke the remainder of the

sentence. In this case it would be termination. Finally, two weeks prior to returning to duty from suspension Firefighter Calzolari shall make an appointment with the Department Physician for a physical examination, including a drug screen.

By a roll call vote of 5-0, the Fire Commission accepted the terms of the negotiated settlement.

Dear Chief Medina:

Inspector Diana Shortall came to speak to 70 Kindergarteners and 70 First Graders on Monday, January 30th.

Along with a firehat, turnout coat and 70 safety coloring booklets, she presented:

1. Matches are tools, not toys
2. Stop, drop and roll
3. Look for two exits wherever you go
4. Work out a fire plan in your home
5. Smoke goes up, you go down
6. 911 for emergencies

We appreciate her time, knowledge and willingness to share (and role model). Inspector Shortall held the children's attention while giving important information. We also appreciate your support of educational community outreach.

Sincerely,

A) Letters of Commendation (Continued)

February 10, 1995

Fire Commission
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Commissioners:

On the morning of Wednesday, December 14, 1994, at 9:00 a.m., Lieutenant Kevin Garry, Firefighters James Vargas, Wallace Quinn, Robert Arzave and Thomas Gibson attended a funeral and ended up saving a life.

Out of friendship for one of their comrades and to pay respect to the Neil family, these gentlemen on their own time attended the funeral services for my Aunt Mildred Neil at the Star of the Sea Church in San Francisco.

My mother and father-in-law, Mel and Joe McKeever were among those present. About a third of the way through the service, my father-in-law went into cardiac arrest. My niece, an I.C.U. Nurse was seated in the row in front of us. She climbed over the seat and with my sister-in law, attempted to revive him. But because of the space conformities and other circumstances they were having difficulties.

Quite suddenly five men appeared in the aisle behind us. Without hesitation they picked up my father-in-law and carried him to the back of the church. There the proper CPR methods were applied by Lieutenant Garry and my father-in-law was revived.

Although Joe is an elderly person and the realization of death and dying is unfortunately all too apparent these days, this was nonetheless a traumatic experience for all of us.

These five men stayed with Joe, assisting in every professional and emotional way possible, while giving words of encouragement to the rest of us until the ambulance arrived. I can't say enough about their attentive support.

Joe is a dear, sweet human being, cherished and loved by his wife and his entire family. Thanks to the alertness of these five gentlemen, we have Joe with us, up and about at home and doing well.

I know I speak for his wife Mel and our entire family when I say that although the phrase San Francisco's finest has often been used, never has it held more meaning.

Our heartfelt thanks and praise go to Lieutenant Kevin Garry, Firefighters James Vargas, Wallace Quinn, Robert Arzave and Thomas Gibson.

Gratefully,

/s/ HELEN MC KEEVER

ACTION: None

(c) [Brown Act Finding]
Motion that the Fire Commission find by roll call vote that for the item being considered at this time there is a need to take immediate action and the need to take action came to the attention of the City and County of San Francisco after the agenda was posted.

On February 22, 1995, an AWSS 14-inch main line on Seventh Street between Townsend and Brannan Streets burst. This has caused two high pressure hydrants and the primary water supply to Infirm Area #5 to be out of service. This condition constitutes an emergency situation involving the safety and property of the citizens of the City and County of San Francisco (Section 6.30 San Francisco Administrative Code).

ACTION: Commissioner Molinar moved, seconded by Commissioner Morrow, that there is a need to take immediate action because of the emergency caused by the AWSS water main break on Seventh Street (Townsend and Brannan Streets).

By a roll call vote of 5-0, the Fire Commission unanimously adopted the item.

Dear Chief Medina:

Please excuse the delay in preparing this letter. However, once you realize the context of events, I am sure that you will understand.

On November 27, my uncle Seb Vernali, while at mass at St. Peter and Paul's, was stricken with heart failure.

I have been told by some of the many onlookers that the first responders (both the Fire Department and Emergency Hospital crews) worked for over an hour and a half attempting to resuscitate my uncle - to no avail.

Everyone was moved by the dedication shown by both crews.

On behalf of the Vernali family, I recognized your Department's vigilance in the eulogy. We offer our thanks and appreciation for the dedicated service.

Very truly,

/s/ RON VERNALI

A) Letters of Commendation (Continued)

February 24, 1995

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

A special thank you to the San Francisco Fire Department for their outstanding efforts in educating the students at our school.

On January 24th, Captain Alson Lee of Station 3 and Firefighter Stephana McClaran of Station 9 visited our school, Clarendon Alternative, and gave a wonderful presentation to two of our kindergarten classrooms. The presenters were well prepared and very organized. They brought visual aids that helped convey their message of fire safety. Captain Lee and Firefighter McClaran discussed: hot/cold things, how to care for a minor burn, Stop-Drop-Roll, and the duties of a firefighter. They answered numerous questions from students with patience and age appropriate responses.

We must also thank Captain John Traversaro, Firefighters in the Schools Program, for providing each student with a Stop-Drop-Roll foldout, Cool-A-Burn sticker, fire hat, and coloring book. The parents truly appreciated these materials and many of them used them as a reinforcement to the firefighters' messages.

After the school visit both classes, separately, visited Station 20. Lieutenant Stephen Cassidy, Firefighters Gregory Simpson and William Wesch greeted one class and Captain Michael Bonnel, Firefighters Gordon Brown, Don "Goose" Corempas and Steven Lipson the other. The students enjoyed the tour of the fire station and were able to recall and discuss concepts previously learned from the school visit. The students continue to talk about, draw, and write about their educational experience. The firefighters certainly left the children with an awareness of public safety.

The teachers, students, and parents of Clarendon Alternative School would like to commend the members of the San Francisco Fire Department for all their hard work in providing the community with such a valuable educational experience. Your dedication and professionalism towards educating our young members of the community is greatly appreciated.

Sincerely,

/s/ SUMAKO MORIMOTO, GALE NAKASONE
and SYDNEY NAKAMURA

Teachers, Clarendon Alternative School

A) Letters of Commendation (Continued)

March 3, 1995

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

On March 2, 1995, Firefighters William Lafferty, Mark Kane and Frank Cuffe responded to the Center for the Arts on Mission Street. Our two-week-old daughter, Jennifer Jean Meredith, was unable to breathe and in our hearts we felt was going to die.

Bill, Mark, Frank, and others were able to restore her breathing.

I just wanted to let you know that my wife and I really appreciate the quick response of the above men and feel it was crucial in this life and death incident.

I especially want to thank the fireman whom I believe was Bill Lafferty. While my daughter and wife were on the way to the hospital by ambulance, he took the time to draw me a map of how to get to the "Mission" hospital.

Bill was very calm, sincerely caring, and comforting to me at this time of distress. He went over the directions several times with me to make sure I found the hospital quickly.

Bill is a special human being and must be one of the best in the business. My wife and I feel the Fire Department and the City of San Francisco should be commended for having a person like Bill on staff.

I hope Bill Lafferty, and the above men, will be commended by the Department for doing such an outstanding job!

And Bill, thank you for your help and may God bless you and your family!

Very sincerely,

/s/ JOHN MEREDITH

Dear Chief Medina:

Having recently completed the Neighborhood Emergency Response Team course (N.E.R.T.) I would like to thank you and the fire department staff for making this extremely important project possible. The training manual, training aids, demonstrations and instruction were excellent. Hopefully all who complete this course will help, in some way, to reduce death and destruction, i.e., Loma Prieta, and Kobe, Japan.

Again my thanks.

Sincerely,

E) Public Comment

Commissioner Molinar asked that the following remarks be incorporated into tonight's minutes:

"These remarks are offered as a single Commissioner, I am not speaking on behalf of the entire Commission. I want to express my personal views regarding some comments that have been made by a firefighter, when he was off duty, regarding affirmative action. Being a minority member myself, a woman, I feel that I want to express my views very clearly. In my opinion, this firefighter's opinion about affirmative action is protected speech. He has a first amendment right of freedom of speech. It allows him to give an opinion as to what he thinks about affirmative action. However, slurs and insults are in violation of affirmative action and the general rules of the Department. To call all minorities, as he did, and I quote: 'tiny and under muscled or semi-literate' is insulting and reflects an attitude that I find personally offensive.

"I have asked the City Attorney's office for a legal opinion regarding Firefighter Batz' statements. If he has crossed the line, I'm sure this administration will deal accordingly.

"Finally, I am very sad to see that this individual has been unable to surpass his biases and prejudices. I am sorry to see that he is not able to realize that working within a diverse workforce is a privilege - not a hindrance, because it provides all of us a great opportunity for growth.

"Let me make clear that this Commission and the Chief are utterly committed to affirmative action and that we welcome and are grateful to have the contributions of members of minority communities serving as firefighters. Thank you."

F) Meeting Adjournment

President Ertola commented that before we proceed with the two formal hearings (Items 4A and 4B) tonight's meeting will be adjourned out of respect to the memory of Lieutenant Louis Mambretti, a 25 year veteran of the San Francisco Fire Department who died on March 9, 1995, at 0210 hours as a result of injuries sustained in a third alarm fire at 75 Everson Street, San Francisco. In addition, our prayers and thoughts are also with the three injured firefighters: Melanie Stapper, John Pieretti and Keith Onishi. President Ertola asked all to stand for a moment of silence.

6. CLOSED SESSION

The Fire Commission met in closed session with the City Attorney pursuant to the State of California Government Code, Section 54956.9. Pending Litigation (a), to discuss the matter of the USA vs. CCSF, et al. (USDC No. C 84-7089 MHP).

Dear Chief Medina:

We are deeply grateful for the instant Paramedic Emergency response which developed at the Chinese Baptist Church on Sunday, February 19, 1995, at Hyde and Clay Streets.

During this occasion we were celebrating the first site of Third Baptist Church at 1642-1644 Grant Avenue as an Historical Landmark.

The San Francisco Fire Department's participation and fast response made this auspicious occasion a very successful one.

Sincerely yours,

/s/ CORA MARY JACKSON

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

On behalf of the San Francisco Food Bank, I would like to thank you for participating in the 1994 Mayor's Food Drive. The San Francisco Fire Department and its employees helped to make this year's food drive a great success, raising 737 pounds of food. Your donations will provide for more than 921 meals for people who might otherwise go without.

The San Francisco city and county employees raised enough food to provide 16,529 meals for hungry families and individuals in San Francisco. Ninety-one offices participated in the drive, raising 8,555 pounds of food and \$2,333.99.

The support of the San Francisco Fire Department means a great deal to our organization and the people we assist. Each year the Food Bank solicits, allocates, and distributes approximately four million pounds of food to families and individuals at risk for hunger in San Francisco. As the city's central clearinghouse for donated food, the Food Bank works with an extensive network of more than 325 agencies to provide food to people in need. In addition, we operate several direct service programs, including programs for low-income seniors, people living with HIV and AIDS, families in crisis, and low-income volunteers.

Your support of the Food Bank results in thousands of meals for people who are struggling to make the best of difficult circumstances. Your contributions become a nourishing lunch to a senior citizen living on a fixed income, a well-balanced breakfast for a struggling family, or a hot dinner for a homeless man or woman. In a very tangible way, your support is helping to lessen the threat of hunger that faces thousands of people each day in our city.

Once again, thank you for joining the San Francisco Food Bank in our effort to alleviate hunger in San Francisco. Please share the information of the drive's success with the people in your department. We appreciate your commitment to the Food Bank and look forward to working with you in the future.

Sincerely,

/s/ PAUL ASH
Executive Director

March 14, 1995

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

On March 13, 1995, I, along with seven members of the Sacramento Fire Department, traveled to San Francisco to attend the funeral of Lieutenant Louis Mambretti.

During the procession from St. Mary's Cathedral to the cemetery, the Engine we were in developed a mechanical problem. Luckily, it broke down near the location of San Francisco Fire Department's Engine 15.

Lieutenant Brendan Ward of Engine 15 (C-Shift) came to our aid. He called for a mechanic to assist us, and within approximately 10 minutes, mechanic George Gabriel arrived and helped my Apparatus Operator with our disabled Engine. They were able to get the Engine running well enough to drive to the Central Shops. Lieutenant Ward provided one of his fire fighters to assist with directions to the shop, while he and the remainder of the crew of Engine 15 followed us. They also made radio contact with another Sacramento Fire Department vehicle which was still in the procession, and advised them of our problem.

At the shop, foreman Dave Del Grande and mechanic John Hull went to work on our engine as if it were one of their own. Within two hours, they had replaced some parts and, as far as I could determine, had completely repaired our engine. Meanwhile, the crew of Engine 15 stayed with us and were making arrangements to feed and possibly house us for the night.

I want to extend my deepest appreciation to the crew of Engine 15 (C-Shift) and to the staff at Central Shops for all their help.

We in the fire service are truly family, and your department's personnel are shining examples of what we are all about. Thank you very much.

Sincerely,

/s/ JIM DOUCETTE, Captain, E-22-C

Dear Chief Medina:

I am pleased that Firefighter Fernando Juarez was able to visit us to present a fire safety program to our company on March 7. I think that he did an excellent job in communicating the need to take fire prevention seriously. He was able to create an awareness that has gotten employees thinking about fire safety at work as well as at home. I believe this will contribute to the success of our newly revised evacuation plan. Thank you again for making this service available to the business community.

Sincerely,

Dear Chief Medina:

I am writing to commend the members of Engine 19, Truck 18, Battalion 7 under Battalion Chief Paul Jones who assisted my staff and me on a case on March 17, 1995, at Fort Funston Beach. The firefighters waited for the investigation to be completed. They then made an extremely difficult extrication over several hundred yards of sand and up a very long, steep staircase. I cannot express my appreciation enough for these exemplary members of your staff.

Please extend my thanks and appreciation to your staff for a job very well done.

Sincerely,

/s/ HERB HAWLEY, Adm. Coroner

She was seriously injured with a broken nose, and sustained injuries to her head and hand. It was a hit-and-run situation. Engine 14 was the first unit to respond to the scene; they were just incredible. I want to personally thank the officer and members of Engine 14 and incorporate my remarks in today's minutes.

On behalf of the administrators, faculty, staff and students of Mercy High School, I would like to express our thanks to the San Francisco Fire Department for your participation in our Safety Assembly on Friday, March 24, 1995.

In particular, I would like to thank Rescue Squad 2 and Firefighters Robert Cowan, Sean Johnston and Lauifi Seumaala from Engine 19 for their assistance. They were very professional in their presentation and certainly made an impact on all of us.

Thank you for performing this service for the community and hopefully this very special assembly will be a memorable learning experience for our students.

Chief Joseph A. Medina

260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

The parents, teachers and children of Lone Mountain Children's Center want, again, to acknowledge the teaching and public relations work of Firefighter Mark Kane, of the Third and Howard Station.

Last week, we went with our class of 32 pre-Kindergarten children and about 15 parents and teachers to the station as a follow-up to our community helpers and fire units. We were greeted warmly by the team and the children were given every possible opportunity to experience the equipment and the facility at their level of understanding.

The children had prepared a long list of questions for the firefighters. These were answered by Firefighter Mark Kane and his fellow firefighters in a way that was sensitive to the age and understanding of the children. He also took the opportunity to teach some concepts of fire safety and awareness.

The children learned how important it is for the firefighters to act as a team and to be supportive of each other. This, of course, transfers to their own experience and attitudes at school.

The parents were delighted with the experience that the children were given and by the warm and individual attention that their children received.

From an educational and public relations point of view, the trip to the Third and Howard firehouse was a winner. We want to thank you for making this possible for us and hopefully for other children in the City.

Sincerely,

/s/ BETTE DALRYMPLE
Director

Dear Chief Medina:

Recently we at the San Francisco Jewish Community Center Nursery School, had the pleasure of a fire safety visit from Firefighters Victor Puebla and Michele Li of Captain John Traversaro's Fireflies Program. The entire staff of our preschool program found that the firefighters were sensitive, child-oriented and easy to understand.

The children were enraptured by the visit and the various safety techniques that were explained. The presence of the fire engine was an added bonus and proved to be the highlight of the day. It was a great idea to end the presentation with souvenirs of fire hats - the kids were all ecstatic.

A high level of professionalism was exhibited by all of the firefighters. Hats off to Victor and Michele who expertly and tenderly made a positive impact on our children. This kind of outreach should be supported and continued, and is essential to the safety of our community.

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

The Roca family would like to commend the valiant efforts the officers and staff of Engines 42 and 44, who arrived in 2-3 minutes of the blaze that occurred at Topeka Avenue and Newhall Street on March 16, 1995, at 1400 hours.

Our house is located next door to the house on fire, apparently belonging to the granddaughter of Supervisor Willie Kennedy. The firefighters made sure that our house was safe by checking the walls for extraneous amber and hosing down our fire wall. These conscientious and efficient acts supercede the damage that they might have caused on my property. My family would like to thank them for their courageous work.

It was a close call for disaster for the Roca family who just moved in three years ago. We cannot thank and praise these firefighters enough for saving our home. We hope that they continue to serve the community making us feel safe and protected. We requested for a Thanksgiving Mass for these firefighters and their loved ones at the Shrine of St. Jude Thaddeus.

Sincerely,

Dear Chief Medina:

On March 20, 1995, the Menlo Park Fire District responded to a fire on an old railroad trestle that crosses the Bay just south of the Dumbarton Bridge. Because of the extremely difficult access for land based equipment we requested assistance from your agency.

The Airport Division of your department promptly responded in the early morning hours with the Fireboat Nutley to assist with our operation. Later that afternoon we had to request them a second time to help with the extinguishment of a deep seated fire in some of the remaining heavy timbers.

The crew of the Nutley is a very skilled and professional group of firefighters. They were extremely helpful and a pleasure to work with. I am sorry I do not have their names. Please convey my thanks to each of them for a job well done.

The Menlo Park Fire District appreciates the generous assistance that your department provided us. There is no question that without the intervention of the Nutley, damage to the historic trestle would have been extensive resulting in a serious navigation problem in the San Francisco Bay.

If there is any way that the Menlo Park Fire District can assist you please let us know.

Gratefully,

/s/ CHARLES F. FASSO
Battalion Chief

Dear Chief Medina:

Last evening my wife and I were graduated from the Neighborhood Emergency Response Team training for SOWA.

My wife and I want to thank you and your administration for providing this training. Hopefully we will never need the training. We wanted you to know what an excellent job our firemen do in these classes. It was a pleasure for us to attend this school and get the opportunity to meet these excellent men and women giving this training. They were knowledgeable in their field and presented the training in a responsible manner; yet the classes were fun to attend.

During these times of tight budget constraints, I hope you can continue this training for our citizens. In our opinion we need many, many more NERT's. Thank you.

E) Public Comment

Francis Sperisen, President, Fire Safety Chapter, Local 21 – He referenced a letter he wrote to Mr. James Jefferson, then President of the Fire Commission (1989). President Ertola commented that he understood that this issue was discussed by the previous Fire Commission. Mr. Sperisen commented that it was heard in 1989. Chief Medina commented the item was tabled at that time. Basically the proposal that was presented was to provide promotional opportunities to both the civilian and uniformed ranks. There was a request that the non-uniformed members be blanketed in the Fire Department. At that time it did not meet with the Commission's approval. Chief Medina referenced a portion of the Fire Commission minutes dated May 14, 1991. President Ertola commented if that is the case then the matter should be brought up again administratively, without bringing it directly to the Commission. This Commission should have the benefit of what has gone on before, such as previous minutes. This is a new Commission and it is not proper for it to consider a motion to take the item from the table. Mr. Sperisen said he had a letter requesting the item be placed back on the table. President Ertola said that was not proper. Vice President Griffin asked what process was used previously. Mr. Sperisen replied that at the time there was a discussion of reorganization. We felt the Department was doing its job in trying to streamline itself, but at the same time there was the issue of the Fire Safety

5. REGULAR CALENDAR - NEW BUSINESS

E) Public Comment (Continued)

Inspectors which was brought in as a budget item. We were essentially doing the same job as an H4 Inspector. Chief Medina said he was involved in that reorganization. Basically, the plan dealt with reclassifying uniformed Inspectors from H4 to Lieutenants, the Lieutenants to Captains, and Captains to Battalion Chiefs. This would have enabled lateral transfers between the field and fire prevention. When the issue was discussed before the Fire Commission the major concern was the promotional opportunities - not only for uniformed but for civilian inspectors. Since I have been Chief, I have met with representatives of Local 21 concerning promotional opportunities in the Department, for civilian inspectors. At both meetings with representatives of Local 21 there was insufficient information to support their proposal. There was a lack of information on supervisory positions, the number of people supervised, and the cost. I asked for additional information. To date I have not received that information.

President Ertola commented that the process of completing the meetings with the administration should go forward, and then put it on the calendar as an item. Chief Medina concurred that the proposal has to go through the chain of command - present the proposal to your officer, then to the Fire Marshal, and then to me. Then we'll have meetings to discuss the matter. And I'll make my recommendation to the Fire Commission. Then it will be up to the Fire Commission. Mr. Sperisen acknowledged that Chief Medina and his staff have worked with his organization in putting together everything that has been obtained to this date, and it has been a ladder of success.

Barbara J. Thomson - She wished to present a matter to the Commission before presenting it to Chief Medina in a letter of formal complaint, not only to apprise the Commission of the matter but because she thought that the Commission might want to begin an early investigation of the concerns that she is raising. Recently, she was the representative of record for an individual who filed an appeal to a background rejection issued by the San Francisco Fire Department. That appeal was upheld unanimously by the Civil Service Commission. The concerns that she has found in the process are three:

1. She was deeply concerned about the lack of confidentiality in the matter, with the release of information - both personal and financial - which should not have been made a public record, or released to the press.
2. She was concerned about the individual's right to privacy, which she does not think was protected, and she thought that also needs to be reviewed.
3. She was concerned that policies and procedures - although she has made a number of requests and has not received them all; that

5. REGULAR CALENDAR - NEW BUSINESS

E) Public Comment (Continued)

policies and procedures, as she has read them that pertain to this area of background investigations may not be adhered to unilaterally in all cases, because she does not believe they were adhered to in the matter of her client.

The reason she brought this matter before the Fire Commission is because she is not certain whether or not this is a pattern and practice, and if there are other individuals who have been rejected, who may not have been bona fide rejections. She believes that those rejections should be audited with management review. She is going to make that a formal recommendation in her letter of request to Chief Medina. But she believed that the matter was so serious - because it basically is obliterating employment rights and a career with the Fire Department - which she believes individuals have a right to pursue.

Ariston Armada, Vice President, Asian Firefighters Association - He was concerned that when we have a viable Asian female candidate that every step should be taken for this candidate to be acceptable. When I talked to Chief Medina, approximately two weeks ago, when we talked about Asians and promotions in the Department, that there would be a good faith effort on the part of Chief Medina to bring Asians into the Fire Department. Four months ago, I wrote a letter to the Chief regarding a female Asian candidate who was rejected on the basis of residency. I asked the Chief to investigate this to see if there was any validity to it because we don't have that many female Asian candidates, and we need them. We certainly are recruiting them. The problem I have is that the candidate was rejected but when I sat in the Civil Service Commission meeting the reasons that were given were so convoluted that the Commission (CSC) hands down voted that this candidate could prove residence and had all this insurmountable evidence. I'm frustrated with the process. Because if the evidence is there, and if the evidence was available before the meeting it should have been taken into consideration. When we lose a female Asian candidate, and that candidate does not protest, we have lost her. We have lost seniority, money; we lost her. We as Asian firefighters don't want special treatment, but what we want is if we have a viable candidate we want to make sure that every step is being taken to determine whether the candidate is a good one or bad one. If we protest and the Fire Department loses then they haven't done their job. We have had other Asian candidates that have been rejected and they don't always protest, and we are afraid that there might have been some Asian candidates who didn't protest who should have, who may be in the Fire Department now.

Audry Lee, President, Black Firefighters Association - In response to the same subject, if we are going to pick and choose which instances we are going to allow the rules to be bent or broken then we are going to run into a problem that we've had all of this time. We now have a system that seems to be working

5. REGULAR CALENDAR – NEW BUSINESS

E) Public Comment (Continued)

well in the backgrounds. As long as we have a constant we won't have any problems. If something happens and the department that runs Investigative Services Bureau (ISB) is pressured into doing something that is not in accordance with the rules then we will really have a problem. I think we should stay constant with what we have, as far as guidelines and rules. President Ertola said there is no question about that.

Bruce Shelton, President, Phoenix Society – He advised the Fire Commission that his term of office ends tomorrow night, and he didn't want to leave office without saying thank you for your support over the past year, your attendance at some of the functions – along with other fire department officials. He wished the Commission well as they take the Department into the new year. He welcomed the members of the Commission at Phoenix Society's meetings, the second Wednesday of each month. President Ertola, on behalf of the Commission, thanked Mr. Shelton for his remarks and wished him well.

4. REGULAR CALENDAR - UNFINISHED BUSINESS

A) Suspension Appeal Hearing

In accord with Section 4001 of the Rules and Regulations, reporting that Firefighter Kevin Smith, Engine 33, has appealed his two-day suspension for the period March 17 and 18, 1995. He was suspended for violations of the Rules and Regulations as follows:

Section 3905 - Unfamiliarity with Rules

Section 3923 - Disobedience

9:20-10:01 a.m.

Deputy City Attorney James Donato represented the Department. Firefighter Kevin Smith represented himself.

Firefighter Smith did not request a closed hearing, nor did he request that the witnesses be excluded.

Mr. Donato, during his opening remarks, introduced three exhibits:

Department 1 - General Order 94 A-36

Department 2 - Memo to Firefighter Smith from Medical Services
Bureau re: EMT recertification class

Department 3 - May 15, 1994, EMT Recertification Roster

Firefighter Smith made some opening remarks. He agreed to the facts, and questioned the process including the administrative hearing guidelines, the appropriateness of charging him with violation of Section 3905 (Unfamiliarity with Rules), and alleged inconsistencies in G.O. 94 A-36.

Mr. Donato and Firefighter Smith agreed that there was no dispute as to the facts. Accordingly, Mr. Donato did not call any witnesses.

Firefighter Smith called one witness:

Defense Witness 1 - Lieutenant Robert Evans 9:35-9:38 a.m.

Firefighter Smith introduced three exhibits:

Defense 1 - Letter from Dr. Kelly dated March 1, 1995

Defense 2 - Room bill for Mrs. Kevin Smith (01-25-95/01-26-95)

Note: Above represents summary of events.

4. REGULAR CALENDAR – UNFINISHED BUSINESS

Recess: 10:01-10:33 a.m.

B) Formal Hearing (Cont'd from Meetings of 03-14-95 & 04-11-95)

Formal Hearing concerning formal complaint filed by Joseph A. Medina, Chief of Department, on February 8, 1995, against Battalion Chief Rod Bennett, charging him with violation of Section 3912 of the Rules and Regulations (Intoxicants/Drugs).

Deputy City Attorney James Donato represented the City. Michael Mendelson, Esq., represented Battalion Chief Rod Bennett, who was present.

At the outset, President Ertola disclosed a landlord/tenant relationship between his mother and Mr. Mendelson. There was agreement that this would not preclude President Ertola's participation. Next, President Ertola read a two-and-one-half page statement into the record which contained the City Attorney's advice that the Fire Commission could not hold a Charter Section 8.343 hearing, as it applies only to permanent members of the Department. As Battalion Chief Bennett is still serving a probationary period, the matter is under the jurisdiction of the appointing officer – Chief Medina.

Mr. Mendelson expressed his shock and concern over such a ruling, coming at such a late date, and asked for its legal basis so that he could preserve his client's due process rights and file a writ.

Recess: 10:47-11:20 a.m.

Mr. Mendelson requested a continuance until he received information from the City Attorney's office that supports the statement read by President Ertola.

The formal hearing was continued to Wednesday, May 10, 1995, at 1:30 p.m.

Note: Above represents summary of events.
Court reporter recorded entire proceedings.

Dear Chief Medina:

This is a letter of sincere appreciation to the firefighters at Station 5 (1301 Turk Street). Today, my mom and I found ourselves in a small emergency situation in which Station 5 "came to our rescue" in a very real sense. We were stalled in our vehicle at the corner of Turk and Webster and unable to move out of harm's way because the engine kept dying. At this point, I noticed that Station 5 was directly across the street, and I hurriedly ran over to see if anyone there could offer possible assistance.

Almost immediately, three firefighters came out to help with no hesitation. They helped us push our vehicle clear across the busy intersection over to a safe parking space close to the front of the station. Then we were allowed to use their phone to call AAA for assistance and also a relative. On top of all this, we were offered coffee or tea and even shelter inside if we wished. Though we declined, we appreciated the kind gesture. Throughout this ordeal we were treated most courteously and kindly.

We hope you will recognize and commend Station 5 for their exemplary conduct and assistance to two grateful San Francisco citizens in their time of need. We appreciated and will always remember their kind gesture as civil servants.

Most sincerely,

Chief Joseph A. Medina

Dear Chief Medina:

I am writing on behalf of the Richmond District YMCA to thank you for the Fireflies Program. Captain John Traversaro came out to our facility with a couple of the firefighters on April 1. We were celebrating Healthy Kids Day and had many presenters on all sorts of different issues. The firefighters were by far the favorite presentation. The children and their parents learned much about fire safety and I truly believe that education can help to prevent tragedy.

There were approximately 75-100 children and their parents at the program. They learned about things in the home that are sources of heat with the potential to burn. The children really seemed to understand why it is important to let adults handle these things. They learned that they could get burned if they played with such things as irons, pots on the stove, and matches as well as many other things.

The children really liked Captain Traversaro. They responded well to his teaching. They were very lively and animated when answering questions that he posed to them. They felt very comfortable with the two firefighters as well.

All in all the presentation was excellent. The content was excellent, the presentation was excellent, and the children really learned a lot about fire safety. I am very grateful for the Fireflies Program. I hope you are able to continue to provide this program to students as I feel it will help to prevent fires and the tragedy that often surrounds them. Thank you again for your time and concern for the children.

Sincerely,

/s/ EILEEN M. SPAULDING

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

Almost two months ago, February 22, my husband died and was revived. It was only through the very quick response of Temporary Lieutenant John Melanephy, Firefighters William Ang, Leonard Roberts and Christopher Salas that my partner is now home, fully recovered from the incident. They were here within five minutes of our 911 call, with City Paramedics Pouchnik and Berry fast on their heels. "Thank you" is a hollow phrase to describe the depth of gratitude I feel to them for saving the life of the man I love. If there is any token of merit available in a case like this, they'd get my vote.

Thank you for your consideration, and for the part you no doubt play in training your firefighters to respond as capably as they do.

Most sincerely,

A) Letters of Commendation (Continued)

April 2, 1995

To the Firemen at the 26th Avenue Station:

I want to thank you for all the entertainment you have given my Dad, who was 95 years old, over the years.

He would watch you from the window, in his chair, doing your Sunday exercises, cleaning hoses after a big fire, showing the little children the big fire engine or how to use the fire hose.

Dad could tell an off-duty fireman by the way he walked and he knew a fireman's car because he would remember license plate numbers.

Sometimes my Dad would call the firehouse to remind you to put the flag up, so he could tell which way the wind was blowing.

When you went out of the firehouse my Dad would time you to see how long before you returned, then he knew if it was a fire or an accident.

I can't thank you enough for your prompt service last May when my Dad had a stroke and on February 26, 1995, the morning my dad died. You are to be commended on your service and compassion.

May God bless and protect all firemen and firewomen.

A single thank you just isn't enough!

Sincerely,

/s/ BEVERLY GANZERT

A) Formal Hearing (Cont'd from Meeting of 03-14-95)

Formal Hearing concerning formal complaint filed by Joseph A. Medina, Chief of Department, on February 8, 1995, against Firefighter John H. Brown, charging him with violation of the Rules and Regulations as follows:

Section 3912 - Intoxicants/Drugs

Section 3926 - Failure to Report

Deputy City Attorney James Donato advised the Commission that he has been in communication with Firefighter Brown to work out a tentative settlement of the charges filed against him. He is not present tonight because he had to be in Sacramento for funeral services. Mr. Donato requested a continuance until Tuesday, May 23, 1995, at 9:00 a.m. This would allow Firefighter Brown to formally agree to a negotiated settlement.

President Ertola directed that the formal hearing be continued until May 23, 1995.

Dear Chief Medina:

I am writing to thank you for the prompt response to a 911 emergency call on Sunday morning, April 30, to the USF Koret Recreation Center. I was entering the building at the time the call was made. Within three minutes Engine 10 was on site with a paramedic van shortly to be followed by the arrival of Engine 12. With that kind of response I feel confident that Koret can continue its reputation as a safe and efficient place for recreating.

Although the situation proved not to be life threatening, it could have been. It is because of that possibility that I wanted to assure you how much we all appreciated your professional and speedy response.

Please accept my personal gratitude and that of the many users of Koret and the University of San Francisco.

Sincerely,

/s/ JOHN P. SCHLEGAL, S.J.

Dear Chief Medina:

My assistant chiefs and I would like to express our gratitude to you and the Division of Training for the invaluable assistance you have provided to the Presidio Fire Department in preparation for the upcoming mutual aid response in the Marina district.

We would particularly like to thank Captain Peter Roybal for his tireless work and enthusiasm in personally training our crews in San Francisco Fire Department assignments and procedures. Pete was available whenever training assistance was requested and his enthusiasm was communicated to our fire fighting crews who greatly appreciated and respected Pete's knowledge and ability to communicate your department's operations in relation to ours. I am hopeful that we may continue to work with Captain Roybal on some basis in the future.

I realize that the Division of Training has a very full itinerary. I appreciate the time and effort made by them for our benefit. Please pass on our appreciation for their sincere efforts in this most valuable training and our desire to continue working together to benefit both of our departments.

Dear Chief Medina:

I would like to offer my most sincere thanks for the opportunity to train with several of your firefighters during a recent Rough Water Rescue Course.

While attending the Bay Area Water Rescue Network, sponsored by the United States Coast Guard at Station Golden Gate, I met Lieutenants Robert Fennell and William Norton. I was attending as a representative of the San Francisco Police Department; as I am a member of the Underwater Recovery Unit and the Marine Patrol Unit.

The Water Rescue course provided me an excellent foundation for the operation of the Department's police boat and the skills taught will be incorporated into the Dive Team's protocol.

I was most impressed with the professional attitudes of both the instructors and of the class participants. All of these firefighters are to be commended for their thoroughness and attention to training as they worked cohesively as one unit. Their approach to training was refreshing as they provided valuable feedback as well as great sense of humor under difficult conditions.

I am reassured to know that my classmates will be waiting for me to land at San Francisco International Airport and that their professional attitude will provide the safest possible environment for such an operation.

Thank you.

Dear Chief Medina:

I would like to take this opportunity to thank your Department for the hospitality shown me on April 5th and 6th of this year. Besides being a Captain for the Napa Fire Department, I am also a Chief Petty Officer in the U.S. Coast Guard Reserve, assigned to the Pacific Strike Team.

As such, I was assigned as their Coast Guard representative on your fireboat, the "Guardian," for the recent San Francisco Bay Prep Drill 1995.

Arrangements were made via Battalion Chief David A. Frisella for me to stay overnight at their station, then to proceed underway aboard the "Guardian" for the exercise.

I was made to feel very welcome and everyone was extremely helpful. I would especially like to mention the friendliness and professionalism of the following members of your Department:

Battalion Chief David A. Frisella
Captain John T. Peeff

Dear Chief Medina:

On March 27, Firefighter Leonardo Harris came to our school and in three separate sessions presented fire safety demonstrations. Seventy-five children left school that day knowing more about fire safety than when they entered in the morning.

Firefighter Harris' presentation was clear and age appropriate. I was impressed with his ability to give the information without creating fear in the children. He was very patient and was able to really listen to their concerns.

In summary, Mr. Harris' presentation was excellent and of great benefit to our children. I want to thank you for providing this program and also thank Firefighter Harris for taking the time to do such a good job.

Thank you so much for your contribution to our African-American Inventors' Museum. Because of your kindness our children, members of the community, and special guests were able to enjoy learning the Gas Mask.

We were surprised at how few people knew the origins of the Gas Mask. Providing our children and guests with the ability to see and touch the actual invention produced an indelible impression that we are sure will stay with them for a very long time. Our main purpose was to impart the knowledge of an African-American contribution to our society. Thanks to you, our efforts were highly successful.

We hope you will be as kind next year when we, once again, display African-American inventions.

Dear Chief Medina:

I am Dr. Arelious Walker, pastor of the True Hope Church of God in Christ.

The members of the True Hope Church want to thank all of the Neighborhood Emergency Response Team for doing an outstanding job in instructing the members of the group the effective way of surviving a major disaster, if and when it may occur in our communities.

I want to thank Firefighter Henry Larkin personally, for making the initial contact with the church. The instructors were very informative, and understanding as well as providing humor while being very effective in their presentation. All of the people that attended agreed that they are much better prepared now and is aware of some of the various things that can threaten their lives even on a daily basis.

I would like to also say that the Emergency Team staff is help building a good relationship for the Fire Department between various groups of the City.

Finally as one of the leaders in the Bay View Hunters Point community, I would like to thank the Department for permitting people to attend the classes without charge. I personally know that if there had been charges, about 70 to 80 percent of the people would not have been able to attend. We want to thank the Department for their kind contribution.

May God bless you in my prayer.

D) Presentation to BFI Investigator John T. Ricketts (retired)

Presentation from the Bureau of Alcohol, Tobacco and Firearms (ATF) to Investigator John Ricketts for his assistance in the investigation of a fire/explosion in Waco, Texas, in 1993, as well as for Investigator Ricketts' support of the ATF Arson Enforcement program.

Chief Medina asked Investigator John Ricketts (retired) to come forward, along with Mr. Mark Logan, Bureau of Alcohol, Tobacco and Firearms, award presenter. Chief Medina summarized Investigator Ricketts' 28 year career with the San Francisco Fire Department. Chief Medina praised John's contributions to the Arson Squad where he served with distinction for 18 years.

Mr. Mark Logan, Special Agent of the Bureau of Alcohol, Tobacco and Firearms, read the following memorandum from their Headquarters to the Special Agent in charge, San Francisco:

"As you are aware on April 19, 1993, a fire developed in the Mount Carmel Branch Davidian compound in Waco, Texas, destroying the entire facility. Due to the sensitive nature of this investigation a decision was made to have reputable fire investigators from other government agencies conduct the origin and cause investigation. This approach was taken for two reasons: (1) it would ensure that the unbiased cause of fire determination would be reached, and (2) it would prevent questions regarding the integrity of the fire scene examination. I would like to take this opportunity to acknowledge the hard work and dedication of these experts to include Investigator John Ricketts of the San Francisco Fire Department. The cooperative environment established between the San Francisco field division and the San Francisco Fire Department contributed to the successful outcome of this investigation and reflects favorably on both agencies. As a result of Investigator Ricketts' efforts and contributions to this case I have procured the attached special recognition award. Please make the necessary arrangements for this presentation, and convey my gratitude to the San Francisco Fire

Department and Investigator Ricketts for their support and assistance during this most difficult time."

(Letter written by ATF's Chief of Explosives and Arson, on behalf of Director, John Magaw.)

Mr. Logan continued, first of all I have been told by many of our investigators in San Francisco, whom I respect to the utmost, about Investigator Ricketts' past activities, and their respect for you, and therefore, I have the utmost respect for you. On behalf of the San Francisco Field Division of ATF, I would like to present you with this Certificate of Appreciation from us. Thank you.

Investigator Ricketts thanked Mr. Logan. Mr. Logan continued and stated that: on behalf of ATF Director, John Magaw, I would like to present you with our Special Recognition Award. We feel that you are just that special. We call ourselves special agents, and we consider you a special investigator. We really appreciate everything you have done for us. The Award says: "To John Ricketts, Investigator, San Francisco Fire Department, San Francisco, California. Presented on behalf of your dedication and professionalism during a cause and origin investigation of the Branch Davidian Compound near Waco, Texas."

Once again, Investigator Ricketts thanked Mr. Logan and the ATF. Investigator Ricketts continued by noting that I came in contact with the ATF in 1980 when I became aware of their arson/bomb response team. A team of professional individuals respond to various incidents of magnitude throughout the United States. As you know there are more of these things occurring every day. I have nothing but the greatest respect for ATF, in general, and specifically for four of the special agents with whom I have had the pleasure and good fortune to work through the years. One of them is present tonight and I would like to introduce Jim Flannagan. When he responds to the San Francisco incidents (usually second alarms or greater) he has his turnout gear and a shovel or rake or whatever, ready to go to work. I would also like to introduce my wife, Sophia. He acknowledged and thanked his colleagues present from the Bureau of Fire Investigation - Elmer Carr, Lawrence Wright and Alfred Silvestri.

4. REGULAR CALENDAR - UNFINISHED BUSINESS

A) Formal Hearing (Cont'd from Meetings of 03-14-95 & 05-09-95)

Formal Hearing concerning formal complaint filed by Joseph A. Medina, Chief of Department, on February 8, 1995, against Firefighter John H. Brown, charging him with violation of the Rules and Regulations as follows:

Section 3912 - Intoxicants/Drugs

Section 3926 - Failure to Report

9:38-9:43 a.m.

Deputy City Attorney James Donato represented the City. Mr. Donato noted that Firefighter John Brown was not present. Mr. Donato said he was unsuccessful in contacting him by phone earlier this morning.

Mr. Donato noted that this matter has been continued twice previously at the request of Firefighter Brown, or representative. Subsequent to the last continuance of May 9th, both he (Mr. Donato) and Secretary Connors had separately communicated with Firefighter Brown. Mr. Donato offered two Department exhibits into evidence:

Department 1 - Dated May 9, 1995, and hand delivered. A letter discussing the proposed settlement charges. It referred to the fact that Firefighter Brown needed to appear on May 23rd. This letter was signed by Deputy City Attorney James Donato.

Department 2 - Dated May 10, 1995. A memo from Secretary Connors mailed to Firefighter Brown's residence. It advised Firefighter Brown of the continuance and asked him to contact Deputy City Attorney James Donato about the proposed settlement before May 23rd hearing.

The Commission was advised that Firefighter Brown was on sick leave without pay.

President Ertola suggested that Chief Medina file additional charges for Firefighter Brown's failure to be present at today's formal hearing. He set Tuesday, June 13, 1995, at 6:00 p.m., for a formal hearing into the two previous charges plus the charge to be filed after today's meeting.

Note: Above represents summary of events.
Court reporter recorded entire proceedings.

Dear Chief Medina:

On Thursday, May 11, at about 2:00 p.m., we called the Fire Department to report a smell of smoke at Xavier Hall, USF, 650 Parker Avenue (Cross of McAllister).

Because this was resident a full alarm responded just about two and half minutes.

While the smoke alarm was not serious (a burnt ballast in the light fixture) I wish to commend the speedy and efficient response given. Their response and concern was gratifying to the priests and brothers who live in Xavier Hall.

The Battalion Chief made a personal call also to the infirmary on the fifth floor.

Continued blessings on each and all.

Chief Joseph A. Medina

San Francisco, CA 94102

Dear Chief Medina:

In appreciation of Commissioner Norma Molinar, the women of the SFFD support her comments in response to the statements made by an off-duty firefighter on "Eye on America," February 23, 1995. It gives us great pride to know that Commissioner Molinar, the Fire Commission, and yourself acknowledge the abilities, talents and strengths we bring collectively and individually to this Department.

Through Commissioner Molinar's comments, and your letter to the women, the Department has shown a continued commitment to support a diverse, well-balanced work force. We thank the Department for coming forward with this support.

Further, in part, the burden of responsibility falls back on CBS Evening News for failing to air a balanced, all-encompassing segment when they selectively chose one firefighter's personal opinion over a more in-depth investigation to support the "true" facts leaving an unfair representation of our Fire Department.

The women of the SFFD are proud to be an integral part of this Department, and are committed to continue working together with our brother firefighters as a professional and efficient team.

Thank you again for speaking out in our support.

Sincerely,

/s/ GAYLE ALEXANDER, Engine 18

Dear Chief Medina:

Last month, three personnel from Oakland Fire Department were lucky to be allowed to attend lifeguard training given by Lieutenant Robert Fennell. I wanted to let you know how much they appreciated and enjoyed the class, and also how professionally the class was conducted as well as being very informative.

We hope that we may continue to send our personnel over to participate in this program, and are as well looking forward to a long and information-sharing relationship with both cities' Water Rescue/Dive Rescue teams.

Thank you once again for allowing us to participate in this great program.

May 10, 1995

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

On May 3, around 6:15 p.m., I made a 911 call to the above address for my mother. Within a few minutes the firemen arrived, followed very closely by the paramedics.

Both groups were professional in their attitude, yet showed compassion and understanding. I assume that these men are used to seeing death and panic, however, they seemed to know instinctively that my children and I were not prepared for the events that evening.

It is unfortunate that I do not have their names in order to thank them personally for their help and their sensitivity. They spoke with my 12-year-old daughter quietly and with what I thought was concern. They were able to instruct me in what I should do following her death. However, what impressed me most was that one of the paramedics, before leaving, put a pillow under my mother's head.

I would appreciate it if you and Dr. Isaacs, to whom I am copying this letter, could extend my, and my children's, thanks and appreciation to these men.

Sincerely,

Dear Chief Medina:

On behalf of everyone at the San Francisco Art Institute, I would like to thank the many fire stations which responded so promptly and in force, averting what could have been a very serious fire on our campus last Wednesday night.

The students involved have been appropriately disciplined, and our policies - their provisions, the need for enforcement and the sanctions for violation - have been reiterated to students, staff and faculty in the strongest terms.

We deeply appreciate the swift and preventive response of the San Francisco Fire Department, and hope very much that we will never have to call upon it again.

Dear Chief Medina:

Now that the dust has cleared (more appropriately the water has receded) from both winter floods, and the bulk of family service work in response to the needs of the flood victims is completed, it is time to say thanks to the many donors in and beyond Sonoma County who so generously gave support through the Red Cross to the flood relief effort. The delivery of toys by the San Francisco Fire Fighters Toy Program to the Red Cross shelter set up for flood victims helped to provide a much needed lift to the families that were evacuated from the Russian River area. Please extend a special thanks to Firefighter John Voelker, the chairman of your program.

Your generosity in support of the Red Cross and our community is very much appreciated. Thank you.

Very sincerely,

Dear Chief Medina:

I wish to bring to your attention the highest level of performance by one of your Battalion Chiefs. I wish to commend Battalion Chief Michael Groshong, for his efforts in evaluating the responses to a Request for Proposal for an 800 MHz Radio Engineer Consultant.

Battalion Chief Groshong displayed great devotion to duty and diligence to the task while working with the evaluation committee. His ever present professionalism, experience, and attention to detail was of great support to the other members of the committee. Battalion Chief Groshong's concern for the citizens of our lovely city and its employees was always in the forefront of his actions.

The quality of Battalion Chief Groshong's work and his insistence on ethical standards in selecting a consultant, assures me that the best possible radio engineer will be hired to aid in developing a radio system that all of us can use in confidence.

Battalion Chief Groshong is the consummate professional dedicated to excellence and he is a tribute to all people in service to others. His loyalty to his city and to the Fire Department is second to none.

E) Formal Complaint

Submitting formal complaint against Firefighter Lee Latimore, dated May 15, 1995, for violation of Section 3912 of the Rules and Regulations (Intoxicants/Drugs).

President Ertola directed Secretary Connors to comply with Section 4006 of the Rules and Regulations and inform Firefighter Latimore that the trial and hearing will be held June 27, 1995, at 9:00 a.m.

F) Public Comment

Audry Lee, President, Black Firefighters Association - He noted that on May 17th he requested some figures from Secretary Connors regarding costs for the two consultant groups - Cora Group and Basil Adams. The figures show that to this date a certain amount of money had been paid. He inquired as to the estimated cost of the total services they will perform. He also wanted to know if these services were put out to bid. He was told that the total price was not available because the Special Master's and Court Monitor's report stated that the Department should have consultants. He noticed that dates of hire for Cora Group was March 1st and April 16th for Basil Adams. Both dates were before the Special Master and Court Monitor issued their report. He asked if someone could provide some insight on this matter. Vice President Griffin indicated that the Commission decided on its own to hire consultants prior to the Monitor's formal request (May 3rd). President Ertola noted that there had been some discussion back and forth, with the Special Master and Court Monitor about consultants. Mr. Lee asked if anyone could tell him how much these services were going to cost. President Ertola replied, not at this time, and your objections are duly noted and in the record. Mr. Lee asked if the objections referred to the fact that the services were not put out to bid. President Ertola replied affirmatively.

Mr. Lee asked when the City and County and the Department will come out with a written plan as to what will be done as far as hiring, promotions, contracts and such, on how they will be handled in the future. Chief Medina asked if Mr. Lee was talking about examinations. Mr. Lee replied all of them - promotional, entrance, everything. When will there be something that is a guideline, that is not flexible, this is the way it will be. Chief Medina replied that the Department will have a plan in place by the end of the year, and at that time we will provide the information to you.

Memo for Chief of Fire Department, San Francisco

From: ASC/VXO (Mr. Wade Grimm)
314 W. Choctawhatchee Ave, Suite 104
Eglin AFB FL 32542-5717

Subj: Letter of Appreciation

I would like to convey Aeronautical Systems Center's (ASC) appreciation to the members of your organization for the first-class support they provided to the production crew during the filming of the DC-10 Aircraft Familiarization Training for the Air Force. The cooperative spirit of the personnel and efficient, professional conduct of each individual were outstanding.

In particular, I would like to pass my sincere thanks to Mr. John Darmanin, Operations Officer and Training Coordinator, Fire Department, San Francisco International Airport. Mr. Darmanin orchestrated the entire effort and provided constant support to meet our every need. John made things happen, resulting in a smooth operation. Another person who provided outstanding support was Steve Lynch. Mr. Lynch provided escort during the entire time and assisted the crew with on-demand requirements. All personnel endured a week long day and night effort that involved many repetitions of the DC-10 rescue and firefighting tactics during production shooting. Certainly it was not an easy task working long nights in a cold, wet atmosphere, but they performed without complaint.

Please also recognize the efforts of other personnel who served as "extras" simulating passengers on the aircraft during the emergency. These included personnel from Northwest Airlines, Delta Airlines, and your SFO Fire Department. Without the support of SFO personnel and aircraft, this project could not have succeeded. Mr. Darmanin and Northwest Airlines saw to our every need and were very responsive to provide and move aircraft into the proper positions to get the right camera angle.

None of this could have happened without the support of Assistant Chief Art Citron. Assistant Chief Citron provided our crews access to the airfield operations areas and graciously made personnel available when needed. He also made his acting debut when he was interviewed for a cameo portion of the training.

Without question, the support was extraordinary and the efforts of your personnel enhanced the image of San Francisco Fire Department. It was a pleasure working with people in your organization and look forward to future training opportunities.

/s/ WADE H. GRIMM, Program Manager

TO WHOM IT MAY CONCERN:

Regarding an appreciation letter supporting Commissioner Norma Molinar's comments on "Eye on America" (CBS News 02-23-95) found in Commission Minutes dated May 23, 1995:

We would like to go on record as not the authors of the letter or in anyway representatives of the women of SFFD. Furthermore, our motivation in signing this form letter sent out to all SFFD women firefighters, was to express our concerns about media responsibility in presenting both sides of all issues including news and articles pertaining to the San Francisco Fire Department.

Sincerely,

Chief Joseph A. Medina
San Francisco Fire Department

San Francisco, CA 94102

Dear Chief Medina:

On Friday, May 12, 1995, Firefighter Fernando Juarez came to our senior housing facility and gave a fire prevention presentation for our residents.

I want to compliment you on his performance. His presentation was extremely detailed, informative and most important; understood. He took the time to speak to individuals who needed more explanation. He presented the program without referring to notes, which amazed me. He knew his material like the back of his hand. I find that remarkable. He never hesitated at any questions presented to him.

I learned so much about fires, fire extinguishers and earthquake preparedness. My residents were very impressed as well.

I requested that Firefighter Juarez send guidelines for evacuation and fire drills to me via mail. Two days later the information I requested was here.

I wish to thank you for having someone as efficient and knowledgeable as Firefighter Juarez in your department.

Best regards,

/s/ PAMELA HIGGINS

A) Letters of Commendation (Continued)

June 1, 1995

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

I know this letter is very late in coming, but as they say, "better late than never." We have been wanting to write since January 1995, but we have been trying to get our lives back on track.

We just wanted to let you know how wonderful the firefighters were who responded to our 911 call in the early morning hours of January 10, 1995.

While we were sleeping at around 1:30 a.m. an 85-foot eucalyptus tree fell on our home bringing along with it a PGandE power pole. We were able to get out of the house with our children through a back exit. The Fire Department was there while we were leaving. Their response time was immediate.

It is very difficult to say in words what a help they were to us.

It's so amazing to us with all the confusion that was happening around us, the firefighters who were there knew exactly what to do. They remained calm and took immediate control of a very dangerous situation.

PGandE did not arrive until two hours after the power pole and tree fell. During this time there were live wires all over the streets and the firefighters were worried about the house catching on fire. While all this was going on there was a smell of gas in the area. One of the bravest men we will ever know is Firefighter Robert Cuff. What he did that early morning went way beyond the call of duty. Firefighter Robert Cuff returned to our home and turned off the gas in the patio just a few feet away from the power pole. He saved our home from being blown up.

By doing what he did, Firefighter Robert Cuff stopped a huge disaster from happening. All of our neighbors that live around us were trapped in their homes because of live power lines. There was no way they could even get down the hill because the tree was blocking the entire road, and there was no way to navigate around the live wires in the street to try and get down the hill. Firefighter Robert Cuff prevented what could have been a huge disaster from happening.

We are forever grateful for the San Francisco Fire Department. The following firefighters who were there that morning: Lieutenant Patrick Hickey, Firefighters Michael Gray, Mac Thomas and Robert Cuff will never be forgotten. We thank them from the bottom of our hearts.

Very truly yours,

/s/ BARRY AND ANNA KANE

May 18, 1995

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

I want you to know of my skillful rescue by Engine 2 with Captain Lawrence Giovacchini and Firefighters John Guiral, Michael McLaughlin, Wallace Quinn and William Villafuerte.

Fortunately, this was not from a burning building or a high rise. This event happened in a 1926 elevator, stopped between floors with myself inside. It was April 17, 1995, about 6:20 p.m. I think I was in the elevator 40 minutes - 10 minutes with no one knowing my plight. I emerged at 7:10 p.m. On this day a PGandE transformer had "blown," affecting DC currents, I was told.

As well as being rescued, it was important to me to be able comfortably to voice to Captain Giovacchini my feelings. I felt a bit "unglued," and he mentioned I was in shock, and this made me feel better. I also sensed a caring from the crew.

Thank you, SFFD. I hope the City appreciates you.

Sincerely,

San Francisco, CA 94102

Dear Chief Medina:

On behalf of the 70 first grade students at St. Anne of the Sunset School, I would like to thank the firefighters in the "Firefighters in the School" program for an excellent presentation and demonstration.

The students were extremely excited about the visit and enjoyed it very much. The students, my partner teacher and I especially liked the hands on activities, role playing, coloring books and helmets. I feel that my students gained a further understanding of what to do in case of a fire and how to protect themselves in such a situation. I also thought the "At Home" guide for the parents were a wonderful way to reinforce what the students learned during the firefighters' visit.

Thank you once again and my partner teacher and I look forward to asking the firefighters back next year.

Sincerely,

/s/ CHRISTINE DONNELLY
1st Grade Teacher

Dear Chief Medina:

Last evening my wife and I were graduated from the Neighborhood Emergency Response Team training for SOMA.

My wife and I want to thank you and your administration for providing this training. Hopefully we will never need the training. We wanted you to know what an excellent job our firemen do in these classes. It was a pleasure for us to attend this school and get the opportunity to meet these excellent men and women giving this training. They were knowledgeable in their field and presented the training in a responsible manner; yet the classes were fun to attend.

During these times of tight budget constraints, I hope you can continue this training for our citizens. In our opinion we need many, many more NERT's. Thank you.

Sincerely,

/s/ LIONEL D. SPENCER

C) Formal Complaint

Submitting formal complaint against Firefighter Robert E. Winslow, dated May 19, 1995, for violation of Section 3912 of the Rules and Regulations (Intoxicants/Drugs).

Acting President Griffin directed Secretary Connors to comply with Section 4006 of the Rules and Regulations and inform Firefighter Winslow that the trial and hearing will be held July 11, 1995, at 6:00 p.m.

D) Public Comment

Tyrone Pruitt, Treasurer, Black Firefighters Association (SFBFA) - He noted that everyone is aware that the Federal Court has extended the Consent Decree and that the Board of Supervisors has concurred with the Court's decision. Mayor Jordan had no opinion on that issue. The Fire Commission and Chief of Department recommended that the Consent Decree not be extended. To date there has been no word from the Fire Commission or Chief of Department of its intent to fully enforce and comply with the goals of the Consent Decree.

Mr. Pruitt read the following statement into the record:

"Now that the Federal Court has extended the Consent Decree for two years, our Association would like to know what is the Chief's position on this action. Does he intend to support the Consent Decree in its fullest and ensure its compliance. Given that the Department and City have made progress in hiring and promotions to diversify its work force to reflect the makeup of its population, this extends all the way to the Chief and this Fire Commission. The last seven years have taught us that numbers alone does not ensure a work force free of harassment and intimidation. We need strong leadership with a positive attitude. We can no longer afford to take the sit back, wait and see attitude. We must be pro-active in affirmative action and take responsibility for our areas of concern.

"The Fire Commission, Chief of Department, and every supervisor in this Department must set the example and become greatly involved in changing the atmosphere of, "us against them," that prevails in this Department. To do nothing and take no action only perpetuates the situation.

"The Department must keep its personnel informed, there should be no guess work involved in knowing and complying with the standards and policies.

D) Public Comment (Continued)

Commissioner Molinar in response to Mr. Pruitt indicated that she personally feels that this Commission has made a lot of progress. I am aware of your concern in that you want to see even more enthusiasm and I assure you we are looking at a lot of possibilities. I am very enthusiastic about some of the programs that we are considering and as a minority member myself I sure want to be part of the change ... to finish cleaning up the work environment. I think there has been a lot of progress and sometimes we don't get acknowledgement of that progress. At the same time I do realize that there are still a few things that we would like to do. And I assure you that all of us are very enthusiastically looking forward to that opportunity.

6. CLOSED SESSION

The Fire Commission met in closed session with the City Attorney pursuant to the State of California Government Code, Section 54956.9. Pending Litigation (a), to discuss the matter of the USA vs. CCSF, et al. (USDC No. C 84-7089 MHP).

D) Public Comment (Continued)

"I would like to share with you a conversation I recently had with a white temporary Battalion Chief. He stated that he has no problem with affirmative action. His problem is with the Department's indecisiveness. No one seems to know what the standards are, what are the selection procedures for advancement, what's the acceptable practice and what is not. If he knew the standards then he could prepare himself to be more competitive. As soon as he reaches one milestone the policy changes. This is the cause of great discontent among the members of the Department and its effects are far reaching.

"So again I ask - Do we have the total commitment of the Fire Commission and the Chief of Department to ensure that the goals of the Consent Decree are met with a positive and enthusiastic attitude which will help to ensure a work place free from discrimination, intimidation, and harassment."

Acting President Griffin thanked Mr. Pruitt for his comments. The Fire Commission has not received the court order yet, which was due last week. In terms of the Judge's order that came down June 1st, this Department will be complying with what the court asked and we are looking at several different options. As soon as we get the order we will be able to address them in greater detail.

Mr. Pruitt closed by saying that not only complying with the order is very important but the manner in which we comply with that order. As stated, the attitude in the Department is this is what they want us to do so this is what we have to do. The Department has to proceed with obtaining the goals of the Consent Decree as if this is something we will take ownership for and we will move with this aggressively. Because we want to do it, because it is the right thing to do, not because someone is addressing the Department that you will do this. And that attitude that's coming from the Chief of Department and this Fire Commission which is translated down to every member and officer in this Department then the membership will take that attitude and change the atmosphere which is causing this work place distraction.

Acting President Griffin inquired if Chief Medina would like to comment at this time. He said he would like to see the court order first.

Matt Cobo, Director, Los Bomberos - I think it is appropriate to state some of the facts that have been going on in this Consent Decree. I think that the Department has met all of the goals relating to promotions and new firefighters. It has been an aggressive move on the part of the Chief of Department and Fire Commission, and it is reflected in the numbers. It has been our feeling that the Fire Commission has been doing a good job. And, yes, the Chief of Department with his staff has been doing a good job. That is the opinion of Los Bomberos and its Directors.

Dear Chief Medina:

You have seven grateful fans here at 209 Mississippi Street. Your department's lightning-quick response to the May 18 fire at the corner of Mariposa and Pennsylvania saved our office, which is as much a place of work as a second home to all of us. Thank goodness your response was quicker than our (truly-grateful) thank you note!

Bravo to all your hard-working, brave firefighters! (By the way, as a group of independent business women, it was encouraging to see some women firefighters.)

Chief Joseph A. Medina
San Francisco Fire Department

San Francisco, CA 94102

Dear Chief Medina:

My kindergarten class of 28 children learned today how to save their lives in case of fire either in their houses or on their bodies. The program presented by Captain Traversaro was excellent in execution and content and the children really retained this important information. I know they remembered it because they went to the First, Second, Third, and Fourth Grade classrooms to teach the other students what they had learned, i.e., dial 911, stop, drop, roll, crawl on the floor under smoke and yell "Here I am!" and hold onto the firefighter who is helping them out of the smoke.

I plan to use this program in my classroom next year because it is so well organized and valuable for the students' safety.

I thought you would enjoy seeing the children's expression of gratitude, please send the thank you book onto Captain Traversaro and give him our regards.

Thank you for your attention.

Sincerely,

I want to thank the firemen from Station 28 who came to my home after I had called 911 on Thursday, June 8. I called around 4:00 a.m.. My husband had a triple bypass on May 16. He was having trouble breathing so I called. The firemen came so fast and really were wonderful. It was a great help to me to see my husband John being taken care of so well. I will always remember them.

I also want to thank the paramedics who took me to St. Mary's Hospital.

Sincerely,

June 12, 1995

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

We are writing to thank you for providing instructor training in emergency preparation. In April of this year we were able to attend the San Francisco NERT Train-the-Trainer program conducted by Firefighter Frank Lucier of the San Francisco Fire Department. The three-day program was both informative and interesting in large part due to the skill and expertise of Firefighter Lucier and his team of instructors. Two members from our Department in conjunction with our Recreation District are organizing the citizens of our response area in emergency preparation. The class and slide package we purchased were instrumental in developing our program and we would just like to thank you again for making this program available to emergency service providers.

Sincerely,

/s/ MARK FAIRBANKS & LARRY YOELL

G) Fire Commission Resolution

Submitted for adoption Resolution No. 610 accepting a gift of \$25,000 from the Rathmann Family Foundation for use in the Fire Department's Neighborhood Emergency Response Team training program (NERT).

Commissioner Molinar moved and Commissioner Ng seconded. There were no questions or discussion and Resolution No. 610 was adopted on recommendation of Chief of Department.

H) Public Comment

Audry Lee, President, Black Firefighters Association (BFA) - He commented that he had two matters to discuss:

1. H4 Inspectors' Examination: He believes that there are people who have an undue advantage because they have been assigned to the Bureau of Fire Prevention (BFP) on like-work-like-pay positions for some length of time. This was supposed to be used as a training position, and getting people ready to take the examination for that job. There doesn't seem to be any rotation. The only thing involving that examination is that some of the people at BFP, not the people working like-work-like-pay, some of the permanent people are involved as subject matter experts, and this raises the issue of whether or not security will be breached, as far as the contents of the examination are concerned. I would like to go on record as protesting the examination in its entirety as far as it being given on June 29th.
2. Airport Selection Procedures: It seems as though certain people are still being circumvented in going to the airport. There is a list that was put out on December 13, 1994. Periodically, someone goes to the airport to fill a spot and they don't seem to follow the list. This is sending mixed signals on how you are supposed to obtain employment at the airport because they don't go by the list. Nobody knows exactly what they go by. Even the December 13th list, two people were inserted ahead of a person that had his letter in requesting to go to the airport earlier than the persons selected; I believe even before they were appointed. Every time I speak to someone regarding this subject I do not get an answer. It is like all of a sudden they become instant deaf mutes. They just don't say anything. I would really like an answer as to what is the policy and procedure for selecting persons for the airport, and where is it written down so we will know what the rules are that everyone has to play by.

D) Meritorious Certificate (Continued)

Citation:

"San Francisco Fire Commission and Chief of Department congratulate and compliment Brian Brannon for his outstanding act of bravery in saving the life of a nine year old boy on February 25, 1995, at Ocean Beach. The boy was being pulled by a rip tide out through the breaker line when, Brian, surfing nearby, immediately went to the boy's aid and brought him to the safety of the shore."

Mr. Brannon said that it was a real honor to be recognized by the fire department - the real professionals in performing this kind of action. I only did what I had to do. I saw the little kid. I have been out there, and scared a couple of times myself. I just tried to help him out.

E) Subpoena

Directed the Fire Commission Secretary - in accord with Charter Section 3.504 - to issue a Subpoena Duces Tecum to the San Francisco Firemen Credit Union for certain 1989-90 employment records for uniformed members of the San Francisco Fire Department employed by the San Francisco Firemen Credit Union.

Vice President Griffin moved and Commissioner Morrow seconded. There were no questions or discussion and the subpoena for certain credit union records was issued in accord with Charter Section 3.504.

F) Fire Commission Resolution

Submitted for adoption Resolution No. 609 authorizing the San Francisco Fire Department to accept a 20 foot sea-going container land trailer valued at \$1,900 from NYK Lines, San Francisco, for use by the Urban Search and Rescue Team (USAR).

Commissioner Morrow moved and Commissioner Ng seconded. There were no questions or discussion and Resolution No. 609 was adopted on recommendation of Chief of Department and in accord with Section 10.116 of the Administrative Code.

H) Public Comment (Continued)

Vice President Griffin inquired if Mr. Lee had discussed either of these issues with Chief Medina. Mr. Lee responded affirmatively. President Ertola asked if these are assignments made in the ordinary course. Chief Medina replied affirmatively, and indicated that he would meet with Mr. Lee again to discuss these issues. I discussed these with him Thursday or Friday of last week, and apparently my answers weren't satisfactory, but I'm still willing to sit down and discuss them. Mr. Lee commented that he didn't remember receiving an answer on the airport issue. There was an answer on the other issue.

6. CLOSED SESSION

The Fire Commission will meet in closed session with the City Attorney pursuant to the State of California Government Code, Section 54956.9. Pending Litigation (a), to discuss the matter of the USA vs. CCSF, et al. (USDC No. C 84-7089 MHP).

Closed session was not held.

There being no further business to come before the Commission, the meeting was adjourned at 9:34 a.m.

Raymond G. Connors
Secretary

President Ertola commented that before proceeding with the regular calendar of business this evening he wanted to read the following letter into the record:

July 11, 1995

Mayor Frank Jordan
City Hall
San Francisco, CA 94102

Dear Mayor Jordan:

Please consider my request that you accept this as my official resignation as the Vice President of the San Francisco Fire Commission.

February 21, 1992, was the date you appointed me to the Fire Commission and this date will always remain as one of the more special days in my life. Believe me, no situation or individual will ever be able to erase that memory and for that I will always remain loyal to you and the Fire Department and the City.

Recent events have made this resignation inevitable, so in the best interest of the best city and best fire department in the world and, in my eyes the best Mayor, I respectfully request that you accept my resignation.

I also want to take this opportunity to apologize to you personally for any embarrassment I may have caused you, the City or the Fire Department.

Sincerely,

/s/ LAURENCE D. GRIFFIN

Commissioner Molinar commented that this is a very sad day. Laurence Griffin was a hard working member of this Commission, a valuable member. I am, and I think the rest of the Commission will agree with me, going to miss him greatly.

Chief Medina commented that Laurence Griffin will be missed by all of us. He was an outstanding Commissioner and I value all of his contributions to whatever success the Department has realized because of his presence. I wish him and his loved ones the very best at these trying times.

President Ertola commented that Laurence Griffin was a great combination Commissioner - he had great personal charm, he was a tough negotiator, he was able to express the opinions and feelings of people whom he was proud to lead. We will miss him greatly during the next few months because of his ability to help the Commission and staff see and acquire a sense of balance of where we were going and what we should try to incorporate and do, and on the other hand hang tough on things we felt were principles that we stood for. He came from a labor movement and he always was true to that fraternity. We will miss him. He was a wonderful person and he became a personal friend, more than just a Commissioner.

Dear Chief Medina:

The saying goes, "Firemen are there when you need them." Well this was certainly true on June 21 here at United Way headquarters at 50 California Street.

Unfortunately, one of my co-workers fainted and fell to the floor, appearing to be unconscious. Less than two minutes after calling 911 a team from Engine 13 showed up to deliver emergency services. The gentleman was revived and when the emergency team felt it was appropriate he was brought to Davies Medical Center. I am happy to report that the reports we have received tell us he is resting at this time and will remain in the hospital for a few days before returning to work.

I realize that the Fire Department is one of those institutions that often does not receive credit for all the day-to-day things which you do. Therefore, I would like to take this opportunity to thank the San Francisco Fire Department and in particular the folks at Engine 13, Lieutenant Richard Allen, Firefighters Carlos Hoy, Eric Sadler and Mark Sikora. Their response was terrific and their treatment of an emergency was great as well.

For everyone here at United Way and the family of the gentleman involved, thank you.

Sincerely,

/s/ TOM RYAN

The operational support given to us by Deputy Chief James Olson and Captain Gilbert Moreno has been tremendous.

Please extend my personal thanks to both of these men for their outstanding efforts and please accept my deepest appreciation to you and your department for loaning us your fire engine.

June 27, 1995

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

Irwin Memorial Blood Centers is deeply indebted to you and San Francisco Fire Fighters Local 798.

On Saturday, June 17, 1995, Local 798 members Robert Arzave and Gregory Wyrsh represented the San Francisco Firefighters at a rally on the Golden Gate Bridge for a disabled Oakland police officer who is riding his bike through California promoting the need for blood. The former officer, Larry Frederick, was disabled in the line of duty twelve years ago and received over 100 pints of blood. He has dedicated his ten day, 1,025-mile bike ride to all California police and fire officers who have been killed or injured in the line of duty.

Mr. Frederick stopped at the Golden Gate Bridge before continuing on his long journey. A San Francisco Police Officer, Dan May, gave the bicyclist a motorcycle escort into the City, and the two firefighters escorted him to the City limits.

This magnificent gesture of support from the City's fire and police department meant a great deal to Mr. Frederick and to the Irwin Memorial Blood Centers. To the former police officer, it demonstrated that his peers in public safety still consider him a member of their ranks. To the Irwin Memorial Blood Centers, it demonstrated that the San Francisco Fire Department and Local 798 care deeply about the community blood program.

We acknowledge your support and thank you personally for the leadership which inspires such civic endeavors.

Sincerely,

/s/ SYLVIA RAMIREZ
Director of Communications

Dear Deputy Chief Olson:

For myself and on behalf of the American River Fire District, I would like to thank you and the City of San Francisco for sharing the talents of your Assistant Deputy Chief Frank Scales during our recent Fire Captain selection process.

During that process I had the privilege of working with Frank. I was truly impressed with his knowledge of fire service activities and understanding of public agency administration and personnel management. It was obvious Assistant Deputy Chief Scales had invested considerable time and energy in preparing to assist us with our endeavor.

Through personal experience, I know the qualities of Frank Scales are representative of the professional caliber of employees throughout the City. Frank demonstrated to us why you and your agency are so justifiably proud of your organization and the valuable services it provides your citizens.

Again, I want to thank you for assisting us in our Fire Captain selection process. I feel this opportunity has enabled us to strengthen our relationship with the City of San Francisco.

Sincerely,

A) Letters of Commendation (Continued)

June, 1995

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

On Saturday, June 10, 1995, I had the need to call 911 for assistance. I am an elderly living alone and was unable to get out of the bathtub. I was stuck there for several hours and when I saw those husky paramedics coming through my front door, they sure looked like "angels from heaven coming to rescue me."

They were very kind, considerate and compassionate and extremely careful in handling me since I have an artificial hip to begin with. I do not know which firehouse they came from, but I live at 1801 California Street, Apt. 106. I want you to know according to them they were just doing their job, but to me they were life savers. I could never thank them enough for that. I tried for several hours to free myself, but I seemed to have no "lift" in my body. They lifted me right out. They were perfect gentlemen and very well trained in their work. It was all in a day's work for them, but for me it was life. I want to say "Thank you" to them and I know they would make anyone proud to have them as paramedics.

Please put a copy of this letter in each of their files - they deserve it.
They did a good, good job.

Thank you.

Respectfully yours,

/s/ MRS. CATHERINE B. KNUTSEN

C) Public Comment

Reverend Ruben Logan - He indicated that he was appearing tonight in his capacity as Pastor of the Voice of the Wilderness Mission. He noted that he previously appeared before the Fire Commission in July, 1992. He then made some comments relating to former Fire Commissioner Larry Griffin's role as a union leader for Local 250 - Health Care Workers' Union. After Rev. Logan had spoken for a minute or so, President Ertola commented that he did not want to interrupt but he advised Rev. Logan that: according to the rules here, your Public Comment time should be used to discuss something that is within the subject matter jurisdiction of the Fire Commission. I am sorry, we have no subject matter jurisdiction over your remarks.

President Ertola then stated that unless there was some objection from the Commission the ruling is going to be that we have no subject matter jurisdiction about what you are addressing to the Commission, and I am going to have to say that you are out of order and you will have to be seated.

(At the direction of President Ertola, the complete remarks contained in Rev. Logan's presentation, most of which were ruled out of order, have not been included in these minutes.)

James Ahern, Secretary, Fire Fighters Local 798 - He commented that the purpose of tonight's appearance was to inform the Commission and Administration of the IAFF's 13th Symposium on the Occupational Health and Hazards of the Fire Service. It will be held from August 27-31 at the San Francisco Hilton & Towers. This Symposium originated at Notre Dame University in 1971, with the purpose of looking at the causes and concerns of health and safety as it affects all firefighters in the USA and Canada. We extend an invitation to the Fire Commission to visit. We also invite Chief Medina to give the welcoming address to the more than 1,500 firefighters, health care professionals, doctors, and lawyers who will be looking at issues such as fire department staffing, fire ground operations and accountability, protective clothing and equipment, workers' compensation, and medical testing. Fire department officials will give presentations on the tragic multiple firefighter fatalities in Seattle (four firefighters were killed), Pittsburgh (three firefighters were killed), and in New York and Memphis, where multiple firefighter deaths occurred. This is also an opportunity for an exchange of information among firefighters, unions, and elected officials.

This invitation is extended to the Department in a cooperative fashion so that we can learn, not only locally, health and safety issues, and we can exchange that information with the visitors attending the Symposium. This allows us to show how proud we are of the City and County of San Francisco as well as of the San Francisco Fire Department. We welcome the Commission's attendance and participation. The opening session will take place on Monday, August 28th, from 8:45 a.m. to 10:00 p.m.

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

Yesterday, while in a San Francisco neighborhood considered by many to be unsafe, I made the silly mistake of locking my keys in my car while the engine was running. Because I don't have a road service membership, I was lucky enough to ask assistance from some of your firefighters, who were parked nearby while their supervisor had business at Headquarters.

Firefighters Kenneth Hoover and Britton Smith of the Third and Howard Station, with the help of Lieutenant Anthony Smerdel, helped me get into the locked car and make my next appointment. They were courteous and, needless to say, extremely helpful. Although all three men made me feel that it was no bother, I was really grateful for their assistance and want to acknowledge it with the Department.

It is really gratifying to know that our civil servants are willing to help out in an emergency, no matter how seemingly trivial. I was very impressed with their spirit of service.

Please extend my sincere thanks.

Sincerely,

/s/ BRIDGET MC CARTHY

Formal Hearing concerning formal complaint filed by Joseph A. Medina, Chief of Department, on May 19, 1995, against Firefighter Robert E. Winslow, charging him with violation of Section 3912 of the Rules and Regulations (Intoxicants/Drugs).

Recess: 10:20-10:25 a.m.

President Ertola read the proposed negotiated settlement, which was accepted by Mr. Ahern, on behalf of his client.

Firefighter Winslow pled guilty to violating Section 3912 (Intoxicants/Drugs). The negotiated settlement is summarized below:

... Termination by the Fire Commission held in abeyance for three years on the following conditions:

Firefighter Winslow shall plead guilty to the pending charge; he shall be suspended for 90 days, April 17, 1995 through July 15, 1995; he shall enroll in a department approved Employee Assistance Program; he shall submit to random drug testing for three years; he shall contact the Department Physician prior to returning to duty to make an appointment for physical examination, including a drug screen.

By a roll call vote of 4-0, the Fire Commission accepted the terms of the negotiated settlement.

Dear Chief Medina:

I was very impressed with Firefighter Jonathan Low as he taught my third grade class (27 students) about fire safety. He was very informative, thorough and my students really enjoyed his visit to our class.

What I found valuable was the fire safety booklet enclosed in the school packet. My students enjoyed reading it.

Firefighter Low used role playing which enhances retention of information.

I definitely would like to see this program continue in the schools. Again, my class enjoyed the presentation!

Sincerely,

Dear Mr. Connors:

Thank you very much for providing Engine 42 for the San Francisco Giants Youth Recognition Day. The fire engine was well received by the kids and contributed much to the event's success.

Youth Recognition Day, in conjunction with Bay Area law enforcement agencies, not only serves to recognize the accomplishments of the youths, but provides to them many positive role models. We appreciate your participation as one of those role models.

We value our relationship with the San Francisco Fire Department and look forward to working with you again soon.

Sincerely,

/s/ RENELLE KELMAR

D) Public Comment

Audry Lee, President, Black Firefighters Association (BFA) – He referenced comments made by Tyrone Pruitt, Treasurer, BFA, at a previous meeting (June 13, 1995) concerning sending a message to the Department in accepting the Consent Decree, in embracing the Consent Decree and so forth; that the San Francisco Fire Department will do everything as far as affirmative action is concerned. As previously stated, we need closure on a lot of things within this Department. Sometimes things are spoken about and just dropped. There is no answer one way or the other. The Airport situation is one example. President Ertola indicated that this matter was on the agenda for the Court Monitor's meeting of August 8th. Mr. Lee said he has still not heard anything one way or the other. President Ertola repeated that this is on the list for the next Monitor's meeting. Mr. Lee next referenced the promotional things. He has spoken to the Chief on different instances, and he went away with nothing. Not a definite this or definite that. President Ertola thought that subject was on the Monitor's list for discussion as well. Chief Medina confirmed the fact.

6. CLOSED SESSION

The Fire Commission met in closed session with the City Attorney pursuant to the State of California Government Code, Section 54956.9. 9:07-9:50 a.m.

No action was taken.

There being no further business to come before the Commission, the meeting was adjourned at 10:31 a.m.

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

Irwin Memorial Blood Centers is deeply indebted to you and the San Francisco Fire Fighters Local 798.

The San Francisco Fire Fighters Local 798 Summer Blood Drive on June 28 through June 30, 1995, at Irwin Memorial Blood Centers yielded another great response. A total of 136 San Francisco firefighters participated during the time of year Blood Centers all over the United States are in desperate need of blood donations. These donations made a positive impact on the Bay Area's blood supply when blood donations were desperately needed.

I would like to commend Blood Drive Coordinators Bob Arzave, Jim McCoy and Romelia Scott for conducting an outstanding job recruiting donors once again. Special thanks to Bob Arzave for continually supporting the San Francisco Community Blood Program. We acknowledge his efforts at the recent San Francisco Giants Blood Drive.

Irwin Memorial appreciates all that the San Francisco Fire Fighters Local 798 has done for the Community Blood Program. Irwin Memorial, like the Toys for Tots organization, benefits greatly from your organization's helping hands and we would be hard pressed to find better supporters anywhere else. Thank you for the continual support.

Sincerely,

/s/ STEPHANIE WOOD

San Francisco, CA 94102

Dear Chief Medina:

I am the sister of Virginia Wright, who was involved in the accident described in a news item of the Marin Independent-Journal. (The article was attached). The off-duty fireman has been identified as Robert Winslow, Station 8.

Miss Wright and her family wish to thank Firefighter Winslow for voluntarily coming to her aid before the Larkspur Fire Department paramedics arrived. Such immediate competent attention is a factor in Miss Wright's ability to survive.

Firefighter Winslow was both willing and able which is a favorable reflection on his profession and your department. Please convey our appreciation to him.

It may interest you to know that Virginia Wright served in the Marine Corps during World War II. She is now undergoing extensive reconstruction surgery at the VA Medical Center in San Francisco.

It is very reassuring to the public to know representatives of government agencies involved in public safety are concerned no matter where or when.

Sincerely yours,

C) Public Comment

Audry Lee, President, Black Firefighters Association - He commented that some of his conversation during the Fire Commission's last meeting might have been too general, and someone reading the Minutes might not understand what he was talking about when he spoke about the comments Tyrone Pruitt made previous to his comments of July 25th. I would like to clear the air in case there was any doubt about what I was talking about. I was talking about the Airport selection procedure that is handled through the Bureau of Assignments, and also the Airport selection procedures - the list on how certain people are put on the list. In one instance a firefighter who has not yet been promoted to Lieutenant has been put on the list as a Lieutenant when that is not supposed to be the way things are done. President Ertola inquired if Mr. Lee has brought that up with the Chief. Mr. Lee responded affirmatively. I have talked to the Chief of Assignments and he can't seem to give me an answer on what's President Ertola - he can't tell you the process? Mr. Lee - I don't think he can explain the process of how a firefighter got on the list as a Lieutenant when he is not even appointed as a Lieutenant and other people have been told like - Kenny Farris, Dan Miller, Rich Robinson - were told that they could not put their names on that list until they had passed their probation, which was a year. And here we have a person - Rizotto - who is on this list and he hasn't even been appointed yet. I don't think there is any explanation that can go on there. Chief Medina replied that he was sure that there is an explanation, and he would look into it. President Ertola said it was all a matter of public record President Ertola said the Commission will take it under submission and asked the Chief to look into it.

Mr. Lee said the other thing pertaining to the Bureau of Assignments is that the rule is supposed to be that when you hire nine firefighters, you are supposed to hire one Chief's Aide. There are days when they hire 10 or 12 firefighters without hiring one Chief's Aide. It so happens that my Treasurer was on the list to be hired as a Chief's Aide and did not get hired. The day before, the Chief's Aide that drives the COD got a WDO, with only three people being hired. The day after, once again, one of the Chief's drivers got hired as a WDO and there weren't ten firefighters hired. So there is a discrepancy that really needs to be looked at. Chief Medina replied that he didn't think it was a discrepancy. He asked Mr. Lee to meet with him in his office to discuss these issues. There could be just a need for firefighters and no operators. The hiring of WDO occurs when we have to hire three or more. President Ertola said he didn't want to discuss this here, as the Commission has important matters to take care of. Although this is important there are no time constraints, so I think the best way is to meet with the Chief and then if you are not satisfied bring it back to the Commission.

Mr. Lee next commented that in dealing with the Airport again we have a Lieutenant Matias Cobo who was appointed from the Airport, never left the Airport, I brought that up before also, and since then Lieutenant Cobo has been

kicked up to a Captain on a day instead of someone being hired as a WDO who is on the Captain's list. Lieutenant Cobo is not even on the Captain's list. But he was still serving as a Captain at the Airport. Chief Medina responded that there again is an item to meet on and discuss so that we can find out the facts, so we can explain them or find out the reason why they occurred. President Ertola asked Mr. Lee to get together with the Chief between now and the next meeting.

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

In the afternoon of August 7, 1995, our city experienced a large wildland fire on San Bruno Mountain. The magnitude of the fire necessitated mutual aid from all the surrounding fire departments. Eventually, the strong winds shifted the direction of fire, which began to threaten structures on Oakridge Drive in the Southern Hills area of our city.

The San Francisco Fire Department responded to the scene with the following units: Engines 15, 17, 33, 42, 43 Truck 15, a brush rig, and an on-duty Chief.

The actions of your personnel greatly helped in the mitigation of the fire danger in the Oakridge Drive area as well as in other sectors.

Your department's contribution to the overall effort far exceeded our expectations, and for this we are truly thankful.

It is always a pleasure to work with members of your fine organization. Please convey my thanks to all the units that participated in this incident.

Sincerely,

/s/ MICHAEL V. ORLOFF
Fire Chief

Dear Chief Medina:

Thank you very much for sending the two excellent speakers to our program. Firefighters Edward Campbell and Elyse Duckett were both entertaining and informative. The youth at Glide were held in rapt attention as these two spoke. It takes energy and a captivating story to keep this group of inner-city youth focused. Sometime, if you get the chance, ask Ed to give his imitation of the fire station alarm.

Please pass on my warm and sincere thanks to Ed and Elyse.

Dear Chief Medina:

I recently attended the Neighborhood Emergency Response Team "Train the Trainer" course put on by the San Francisco Fire Department. I would like to inform you that it was well organized, and very useful to my jurisdiction. Moreover, while I have attended a number of "Train the Trainer" courses, very few of them have been as successful as the NERT course in properly addressing such a format.

NERT (or CERT) programs are conducted in various jurisdictions throughout the State of California. While some of the sponsoring agencies will provide you with program information at your request, I believe only the San Francisco Fire Department provides program training to outside agencies. This reflects strongly on the professionalism of the San Francisco Fire Department, and its city government.

I thank you for making this valuable training available to outside agencies. The City of Santa Barbara intends to use this training to develop similar programs for its citizens. The assistance of you and your representative will prove beneficial to our community's public safety efforts.

Respectfully,

/s/ MICHAEL P. WARREN
City Emergency Services Coordinator

Deputy Chief James P. Olson
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Deputy Chief Olson:

We would like to take this opportunity to express our appreciation for Captain Wayne Mitchell of your organization for his outstanding contributions in conducting interagency water rescue and cliff rescue training sessions for National Park Service rangers and San Francisco firefighters.

We have been advised that Captain Mitchell has instructed five ocean lifesaving courses held at the Presidio Swimming Pool and Ocean Beach during the past three years. And most recently on July 16, 17, 18, he conducted an intensive technical cliff rescue training course with rangers and firefighters on the cliffs adjacent to the Veterans Administration Hospital.

From all reports, Captain Mitchell is an excellent instructor and communicator and he enthusiastically advocates interagency response and cooperation. His dedication and ability to work with others is an asset shared by your Department and the National Park Service. As you know, it is extremely important to promote close working relationships with other rescue departments in the area to successfully coordinate cliff rescues and aquatic emergencies.

The training and expertise Captain Mitchell has provided our staff has been invaluable. Please accept our appreciation for all the assistance the San Francisco Fire Department has provided to the National Park Service, and extend my personal thanks to Captain Wayne Mitchell. You may take pride in the manner he represents the San Francisco Fire Department

Sincerely,

/s/ BRIAN O'NEILL
General Superintendent

B) Suspension Appeal Hearing (Cont'd from Meeting of 08-22-95)

In accord with Section 4001 of the Rules and Regulations, reporting that Battalion Chief Thomas M. Velasquez, Battalion 8, has appealed his four-day suspension, September 19, 20, 22 and 23, 1995. He was suspended for violation of Section 2802 of the Rules and Regulations (Enforcement of Rules).

Secretary Connors noted that each Commissioner received separate letters from Deputy City Attorney Helen Kwak, representing the Department; and Lonnie Magnusen, Vice President, Local 798, representing Battalion Chief Thomas Velasquez. Mr. Magnusen has requested a continuance, and Ms. Kwak has no objection. Vice President Molinar moved, seconded by Commissioner Morrow, that the matter be continued until Tuesday, October 24, 1995, at 9:00 a.m.

There were no further questions or discussion and the matter was continued.

4. REGULAR CALENDAR - UNFINISHED BUSINESS

A) Formal Hearing (Cont'd from Meeting of 08-22-95)

Formal Hearing concerning formal complaint filed by Joseph A. Medina, Chief of Department, on August 10, 1995, against Firefighter Michael J. Sanders, charging him with violation of the Rules and Regulations as follows:

Section 3912 - Intoxicants/Drugs

Section 3935 - False Reports and False Testimony

Section 3956 - Acts Detrimental to Welfare of
Department

9:20-9:30 a.m.

Deputy City Attorney James Donato represented the Department; Michael Harris, attorney at law, represented Firefighter Michael Sanders, who was present.

Mr. Harris requested a closed hearing which was approved by President Ertola.

Deputy City Attorney Donato summarized the facts and recited the proposed negotiated settlement, which was accepted by Mr. Harris and Firefighter Sanders.

Firefighter Sanders pled guilty to all three charges.

The following is a summary of the negotiated settlement read into the record:

... Termination by the Fire Commission held in abeyance for three years on the following conditions:

Firefighter Sanders shall serve a 90-day suspension with credit for time served (July 30 through October 27, 1995); he shall submit to random drug testing for three years (September 26, 1995 through September 25, 1998); he shall enroll in and successfully complete a San Francisco Fire Department approved drug counseling program; prior to returning to duty he shall contact the Department Physician to schedule and complete a physical examination, including a drug screen.

By a roll call vote of 5-0, the Fire Commission accepted the terms of the negotiated settlement, as recommended by Chief Medina.

Note: Above represents summary of events.
Court reporter recorded entire proceedings.

John A. Ertola, President
San Francisco Fire Commission
260 Golden Gate Avenue
San Francisco, CA 94102

Dear President Ertola:

I want to extend my appreciation for the fine job your Neighborhood Emergency Response Team (NERT) did when giving the Train-the-Trainer program in Monterey. I was so excited to learn so much great information. It will be a positive experience to pass that information on to our Public Safety Steering Committee in Fairfield.

I would like to persuade your team to venture to our area and allow us to sponsor a conference that will impact our neighboring cities as well. I am positive that we can work out any and all details necessary for the success of your program.

The Fairfield Fire Department is well on their way in implementing programs that teach our citizens awareness. Please consider our request. I know your program takes an extreme amount of time and preparation, but, again, I am confident we can bridge all the gaps.

Thank you again for the vast amount of knowledge your team have provided. Your program is extremely important and I wish you continued success.

Sincerely,

/s/ KATHY SAWYER SHISHIDO
Public Safety Steering Committee member

Dear Chief Medina:

Thank you for making possible the talk on fire safety delivered to our Toastmasters club, Monday, August 28, 1995, by Battalion Chief John Lee. Battalion Chief Lee was informative and personable, and very receptive to the wide variety of questions posed. Our members were enthusiastic about the information covered, and we have discussed having additional programs of this kind in the future. We appreciate the time Battalion Chief Lee spent with us.

C) Public Comment (Continued)

"Earlier this year, Mayor Jordan directed the Mayor's Fiscal Advisory Committee to examine how emergency medical services are provided, and to determine if the delivery of these services can be streamlined. Hence, Dr. Sandra Hernandez, the Director of the Department of Public Health (DPH), was commissioned to carry out this study.

"For the past six months, at the direction of the Chief of Department, the staff of EMS has been involved in the preliminary discussions and fact finding in regards to the system configuration. Chief Medina and Deputy Chief Olson have been extremely supportive of the current EMS programs in the SFFD and have been continually informed of the progress of these programs and their implications to the fire service.

"Last week, at the regular meeting of the Health Commission, the Commissioners voted unanimously to direct the City's Emergency Medical Services Agency (EMSA) to begin this study as requested by the Mayor. The EMSA will begin the configuration study on October 5, 1995, and plans to submit a final report to the Health Commission by February 1996.

"I would now like to introduce Dr. Isaacs. In addition to serving as our EMS Medical Director for the past 15 months, he also serves in this capacity for the DPH Paramedic Division. He will give you a brief overview of the scope of this study and its potential impact on the way the Department will provide medical services to the citizens in the future."

Dr. Isaacs commented that he considered it an honor and privilege to work with the SFFD and the many dedicated professionals which make up its EMS staff. It is my goal to assist this Department in developing its EMS programs so it may rank amongst the finest fire departments in the world in its provision of high quality pre-hospital emergency medical care for the citizens and visitors to San Francisco. As Battalion Chief Groshong pointed out, in less than two weeks the City and County Emergency Medical Services Agency will hold a town hall meeting to begin an EMS Configuration Study and Planning Process. The aim of this study is to review our present system with an emphasis on determining just how good our current configuration is. This includes the role of the Fire Department, the ambulance providers, paramedics, EMTs, and our receiving hospitals. It is to determine just how good we are at improving the outcome of patients who become acutely ill or traumatically injured in our City. This is a formidable task and will require a significant amount of input from the Fire Department. It will be both time and labor intensive. As the EMSA is seeking input on six separate work groups which will meet every two weeks for two hours for the next five months. This will require extensive compilation and review of data, as well as the Department's analysis and policy formulation. I cannot

B) City Attorney

Communication received from Timothy Armistead, Chief, Bureau of Investigations and Claims Administration, dated September 8, 1995, submitting for Fire Commission's adoption Board of Supervisors' Resolution authorizing settlement of the following claim:

ERIC HALLADAY, in the amount of \$6,570.00.
Claim arises out of water damage resulting from a water main burst on February 22, 1995, on the 600 block of Seventh Street, S.F., CA, and is a settlement of Unlitigated Claim No. 94-04640.

Commissioner Clay moved and Commissioner Ng seconded. There were no questions or discussion and the proposed Resolution authorizing settlement of above claim was adopted on the opinion of City Attorney's Office and recommendation of Chief of Department.

C) Public Comment

President Ertola referenced a memo from Chief Medina concerning the "System Configuration of the Paramedic Division." The memo indicated that Battalion Chief Michael Groshong would be making a brief presentation.

"Honorable President, members of the Commission, Chief Medina and other members of the Department. My name is Battalion Chief Michael Groshong and I would like to thank you for allowing me to present a very timely and extremely important matter to you, the Commission. I am presently the Chief of the Bureau of Communications, but I have been working closely with the staff of the Department's Emergency Medical Services (EMS) team for some time. Some of the members of this EMS unit are with us today - Doctor Marshal Isaacs, EMS Medical Director, Lieutenant Anthony Smerdel, EMS Coordinator, Captain Richard Shortall of Rescue 1, a paramedic and the lead EMS instructor, and Firefighter Anthony Robinson, a paramedic and medical instructor.

"The San Francisco Fire Department (SFFD) plays an integral role in the delivery of pre-hospital emergency care. Last year, the Department responded to over 28,000 EMS calls. This number represents 50 percent of our total call volume.

express themselves today because the matter was not calendared, and came up during the Public Comment portion of today's calendar. President Ertola requested that Secretary Connors calendar this matter for discussion and/or action for the meeting of Tuesday, October 24, 1995, at 9:00 a.m. President Ertola asked if that date would be acceptable, or if there were any time constraints. Dr. Isaacs replied that we would be pleased to appear on the 24th to present a more formal presentation on the current state of the EMS programs within the Fire Department, as well as any action items that the Commission may be pleased to adopt at that time. But this study will begin in two weeks. President Ertola commented that he thought that they should come before the Commission and be prepared to discuss what exactly should be done, and maybe with a Resolution that you would ask the Commission to adopt, so we can move ahead. Because I know the Chief is supportive of this, as is the whole department as far as I know. I think Local 798 is in support. I understand Local 790 is in support. The people who are going to do the work are interested. I guess from an administrative point of view you are already making great strides, and I know I speak for the rest of the Commission in expressing that we are happy that you have taken a lead in this and that our people are involved in determining how to best serve the people of San Francisco with emergency medical services.

Things that the Commission would be interested in discussing on the 24th include cost of the proposal, an organizational chart (I believe the Chief is considering an EMS Division and that would be one way to go), and other related items that you wish to bring to our attention. The Commission appreciates the major effort that the Department is expending in this endeavor.

C) Public Comment (Continued)

stress strongly enough how important this process will be without 100 percent commitment ... (tape turned) ... future role of this Department in a newly designed EMS system could be jeopardized. We are at a crossroad in the provision of pre-hospital emergency medical care in this City. There are many, many ways to configure an EMS system that will provide rapid, quality emergency care. But through our active involvement in this process we may demonstrate our commitment to EMS and to the City, and will provide valuable and necessary information from both our own experience here as well as that of other cities where the fire department plays a significant - if not the primary - role in the provision of pre-hospital EMS. I fear that without our providing this data and information this discussion will move away from a focus on quality patient care and fall to the lowest common denominator of mere politics. I am here today to ask for your support of this staff's active involvement in every step of this process to insure the future role of this Department.

Battalion Chief Groshong continued:

"How does all of this directly relate to the Commission and the Department? At present, approximately 50 percent of all of the Department's responses are medical in nature. Following these system reconfiguration talks, the Department may be asked to provide a higher level or scope of emergency medical care to the citizens of San Francisco. It is entirely possible that in the future over 70 percent of all department responses could be medically related.

"This would be consistent with the EMS role of other large metropolitan fire departments. In fact, in 90 percent of cities with populations greater than one million, the fire services is the primary provider of emergency services.

"It should be clear from these figures that the Department must play a significant role in these configuration discussions. The Department must show its commitment to providing the highest quality emergency medical services to the medical community and to the citizens of the City.

"Thank you for your time."

Battalion Chief Groshong distributed a set of handouts for each Commissioner which announced the kickoff of the EMS town hall meeting on Thursday, October 5, 1995, at the Laurel Heights Campus of UCSF.

President Ertola thanked Battalion Chief Groshong and Dr. Isaacs for their report. He noted that Battalion Chief Groshong and Dr. Isaacs are requesting the support of the Fire Commission and he was not sure if the Commission can

Chief Joseph A. Medina

San Francisco, CA 94102

Dear Chief Medina:

The "Firefighters in the Schools" program came to our Transitional Housing Facility yesterday and gave such a wonderful presentation! They shared with us important information about items that are hot and dangerous in the house, they taught us Stop, Drop, and Roll; they had a firefighter put on all his gear and call out to the children to let them know what he sounds like, and many more very helpful things they shared with us. The children were so very excited to see "Real Firemen"! And the children even got to get on a "Real Fire Engine"!

As the Children's Program Director, I was absolutely thrilled that Captain John Traversaro and his crew could come to our facility. Working with "at risk" children, I am keenly aware of the need for good "hands on" training for children. To learn at an early age that firefighters are people who help keep us safe, is very significant for children who have not known a lot of safety. And having fun while learning these things makes it even better!

Thank you very much for helping to make this opportunity possible!

Sincerely,

/s/ MARCI KRAYBILL
Children's Program Director

Dear Chief Medina:

My wife and I were recently in San Francisco to attend the American Society of Civil Engineers Fourth U.S. Conference on "Lifeline Engineering," where I spoke about the City of Vancouver's new Dedicated Fire Protection System or DFPS. Our new high pressure, post seismic pumping facility is modelled after San Francisco's Auxiliary Water Supply System (AWSS).

During our visit, my wife and I were overwhelmed by your department's demonstration of the high pressure, large diameter hose systems and a tour of Vancouver's retired fireboat - "Guardian." I would like to extend my special thanks to Assistant Deputy Chief Frank Scales, Lieutenant Thomas Murray - Division of Training, and to the Captain and men of Engine 8 for their special attention that made our trip to your City one that we will not soon forget.

When you are in Vancouver next, please accept my invitation for a personally guided tour of our now completed False Creek Pump Station, which is also the control centre for our DFPS.

Yours truly,

/s/ DON E. MOORE
Asst. Waterworks Engineer

Dear Chief Medina:

A few weeks ago, while walking by Engine 35 (with the fireboats), my teacher-wife and I were invited in for a visit. And we want to thank those good firefighters for that most interesting and kindhearted tour. It's good to know that those competent and caring people are "on the job" with such devotion and competence to our Bay Area community. I had a favorite uncle who was a fireman and a policeman so I much appreciate the often unsung work you all do to save lives and property.

Dear Lieutenant:

I live directly in back of your station (Engine 14) - hear the laughter, smell the barbecuing and even get a ball in my garden from your court once in a while! I feel very secure that the station is near me. Last Friday morning (September 22) about 10:30, three of your firefighters answered my 911 call - they were: Renald Bacigalupi, Ruben Herrera and John Jaber. My friend, an 85 year-old woman, fell down 10 of my back stairs (from inside hall to garage). These three men were efficient, kind, and very skilled. They attended my friend (who died two days later) until the paramedics came. I want you to know what these men did - I will never forget - in my time of panic and sadness. I salute your men in my heart every morning as I pass by on my daily walk!

Gratefully,

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

I am writing to you in order to draw your attention to the generous and unselfish acts of two of your officers.

On June 2, 1995, the San Francisco Paramedic Association, the San Francisco Fire Department, the San Francisco Paramedic Division, and the Presidio Fire Department cosponsored a conference entitled "Fire and EMS Response to Terrorist Incidents." The conference was attended by over two hundred representatives from fire departments, emergency medical services and law enforcement agencies from throughout California and Washington. The conference focused on rescuer safety and efficiency in the event of a major terrorist event.

In order to give the attendees, many of whom were chief level officers, a complete picture of the logistics and operations involved in major multi-casualty emergencies, we felt that it would be appropriate to ask the San Francisco Fire Department if they wished to send a representative. We were put in touch with Captain Gerald Grey and Battalion Chief Frank Cardinale.

Both Battalion Chief Cardinale and Captain Grey gave fascinating presentations dealing with the role of the fire department in major incidents. Both officers gave wonderful lectures, concise and interesting, and both conducted themselves professionally and personably. It was truly a pleasure, and we consider ourselves fortunate, to have had Battalion Chief Cardinale and Captain Grey on our faculty for the conference. The San Francisco Paramedic Association and the San Francisco Department of Public Health Paramedic Division wish to commend Battalion Chief Cardinale and Captain Grey on their exemplary performance at the conference, and we look forward to increased communication and training between our respective agencies.

/s/ JANE SMITH
President

Dear Chief Medina:

In August of this year, Frank Lucier and a number of your instructors who oversee your NERT program, presented a "Train-the-Trainer" course in Monterey. In that a colleague and myself were participants in this course, the purpose of this letter is to express our heartfelt thanks for their efforts and your support of this exceptional program. We found your representatives who provided this training, to be eager to share their experiences, knowledge, and enthusiasm for this very beneficial program. As an instructor in the Fire Service, rarely does one find such concise and beneficial information that is so readily shared. For this, and all of their efforts, we are extremely grateful.

Although this letter is extremely overdue, this delay is not representative of our sincere appreciation for these efforts. Due to the efforts initiated by your personnel, during the last month, we have begun assembling a similar type program in our community. I can only hope that, within a reasonable amount of time, perhaps in the future we may be of assistance to your community, as you have assisted us.

Again, thank you for your support of your NERT instructors in this endeavor, so that all of our customers, the citizens, may benefit. Should we ever be of assistance to you, please do not hesitate to contact us.

Best regards,

/s/ RIK GRENCIK
Training Division

Dear Chief Medina:

On behalf of Archbishop Riordan High School I would like to thank Engine 22 for their support of our Walk-a-Thon '95 held at the Polo Fields on October 6th. We were pleased that these gentlemen could be with us. We are pleased to report that it was not necessary to call on them for emergency support, but it was a good feeling to know they were there just in case. Our faculty, staff, students and parents enjoyed speaking with them.

Please extend our gratitude to them. Hopefully we will see them next year.

Sincerely,

A) Suspension Appeal Hearing (Cont'd from Meetings of 08-22-95 & 09-26-95)

In accord with Section 4001 of the Rules and Regulations, reporting that Battalion Chief Thomas M. Velasquez, Battalion 8, has appealed his four-day suspension, September 19, 20, 22 and 23, 1995. He was suspended for violation of Section 2802 of the Rules and Regulations (Enforcement of Rules).

Secretary Connors referenced a letter sent to the members of the Fire Commission from Deputy City Attorney Helen Kwak requesting a continuance until the first meeting in December - December 12, 1995, at 6:00 p.m. The request is supported by Chief Medina, as well. Battalion Chief Velasquez' representative has no objection to the continuance.

President Ertola directed that the suspension appeal hearing be continued to December 12, 1995, at 6:00 p.m.

Dear Chief Medina:

On behalf of the Junior League of San Francisco, I'd like to thank you and the San Francisco Fire Department for your support, and for Captain Vincent Nolan's participation on our Cable TV program.

The Junior League of San Francisco is an organization of 2500 women from the entire Bay Area committed to promoting voluntarism and to improving the community through the effective action and leadership of trained volunteers. Its purpose is exclusively educational and charitable.

Since its inception 83 years ago, the league has always recognized the importance of disaster preparedness. In 1917, the Motor Delivery Service was formed with JLSF drivers. This was turned over to the Red Cross and served as a prototype for the Nationwide Red Cross Motor Corp.

There has been a lot of interest in the NERT program from both league members and from the community. Captain Nolan was very informative, and I am sure as a result, we will see an increase in participation in the program. He really did a great job! His interview will air on Sunday, October 15, in San Francisco on Channel 53 at 5:00 p.m.

Thanks again for your support.

Sincerely,

/s/ ANNA MARZOUK
Chair
Disaster Preparedness Committee

Dear Chief Medina:

Surfrider Foundation - San Francisco Chapter (SF) would like to thank you and your crews for your participation in the 3rd Annual Clean Water Day Festival. The event was a great success, with over 150 surfers, kayakers, swimmers, boaters, fishermen and women and water enthusiasts all supporting CLEAN WATER!

The San Francisco Maritime National Historical Park and Aquatic Park provided excellent views of Alcatraz Island and the City, and was a perfect venue for the event. As I was entering Aquatic Park on the return leg of the paddle to Alcatraz Island, I was surprised to see the Coast Guard helicopter flying overhead and several San Francisco Fire Department Surf Rescue and firetrucks at Aquatic Park. My first reaction was UH OH. But when I finally reached the shore, to my delight I learned that they were there in support of clean water.

A great deal of awareness was generated about water quality issues, and fun was had by all. Thanks again for your support, and look forward to next year's event on the third Saturday in August, the 4th Annual Clean Water Day, 1996.

Sincerely,

/s/ PETER REICH
Environmental Committee Chairman

Dear Firemen:

Only July 12, 1995, I accidentally cut my thumb off. The Fire Department was called and with a quick response, I was taken to the hospital trauma center in time. The doctors said your department did the right thing by icing my thumb and bringing me to the trauma center. My thumb was replaced on my hand, but three days later it began to die because of poor circulation and I lost it. I'm doing very well now and wanted to say "Thanks to you" for your efforts. I will be eternally grateful to you.

Thanks.

F) Emergency Medical Services (Continued)

"At these and at other meetings, a wide range of possibilities for the delivery of emergency medical services (EMS) to the people has been discussed. Among the plans that have been considered is one that is a Fire Department based EMS program with paramedic staffed engine companies and fire department ambulance transport, another is first responder paramedic engine companies with transportation provided by private ambulance service, another is for the Department to remain a basic life support provider with all advanced life support and transportation provided by a private ambulance service; and, lastly, even a joint venture utilizing the current resources of the Fire Department and of the Department of Public Health's Paramedic Division.

"What do all of these possible configurations mean to you the Commission and to the Fire Department? As a result of these studies, the City's Emergency Medical Services Agency may recommend to the Health Commission in February ideas that could drastically change the way that these services are delivered. These changes could have a major impact on present Fire Department configuration.

"The EMS unit of the Department realizes the immense amount of work needed to address such important medical issues for the people of the City. We ask you, the Commission, to give your full support to medical services participation in this project. We are here today to ask personally what you, as Commissioners, can do to assist us in this most important process.

"Do you have any questions concerning this matter or concerning the end of the year report that was recently distributed to you?"

President Ertola asked Battalion Chief Groshong if he read Resolution No. 613. He replied no and was given a copy of Resolution No. 613. President Ertola asked him to read it. Battalion Chief Groshong said he supported the Resolution as written. President Ertola indicated that there had been some indication that the Fire Commission would urge the Department to establish a Unit or even a Division necessary to carry out the purpose of such an amalgamation. We have decided, at least temporarily, to proceed along these lines expressed in the Resolution, for which we have the Chief's cooperation. There are many steps required, including going to the Mayor's office. By adopting this Resolution it should suffice for you (Fire Department's EMS Unit). Do you concur? Battalion Chief Groshong replied affirmatively. Commissioner Clay moved, seconded by Commissioner Ng, that Resolution No. 613 be adopted. There were no questions or discussion and Resolution No. 613 was adopted by a vote of 4-0. President Ertola directed that the Resolution be made part of the Minutes.

D) Meritorious Awards (Continued)

Chief Medina asked Firefighter Medina and Lieutenant Bouyea to step forward. Chief Medina read the description of the action that gave rise to granting the Meritorious Awards. Deputy Chief Olson pinned on the medals and presented the Meritorious Certificates. The Fire Commission congratulated Firefighter Medina and Lieutenant Bouyea. President Etola asked them if they would like to introduce their families. Lieutenant Bouyea introduced his wife and father, a retired Captain from the San Francisco Fire Department. Firefighter Medina introduced his wife and three sons.

E) New Fire Code

Submitted the new San Francisco Fire Code for adoption which amends the 1995 California Fire Code and also adopts, by reference, the 1994 Uniform Fire Code, with specific appendices.

Commissioner Clay moved and Commissioner Ng seconded. There were no questions or discussion and the new San Francisco Fire Code was adopted on recommendation of Chief of Department and referred to the Board of Supervisors for legislative action.

F) Emergency Medical Services

Status report from Battalion Chief Michael Groshong concerning Emergency Medical Services' study.

"President Ertola, members of the Commission, and Chief Medina. Thank you for the opportunity to speak to you this morning.

"Last month, we addressed this Commission to inform you that the Health Commission has directed the City's Emergency Medical Services Agency to hold public hearings to determine the best method for delivery of emergency medical care to the people of San Francisco. These meetings have begun - the first of those dealing with communications and dispatch was held on October 12 with a wide variety of participants. Since that time, meetings covering five completely different subjects have been held - also attended by a wide range of interested parties.

completed by February of this fiscal year. It is my understanding that appropriate Fire representatives are involved in this City-wide planning process. I would urge you, the Fire Commission and the Fire Department, to allow this planning process to come to its conclusion so that we as a City can determine optimal emergency medical system configuration in terms of maximizing patient outcomes and meeting community expectations.

Any consideration of ideas or recommendations regarding system configuration I hope would be deferred until the EMSA's planning process is completed in February. At that time we will present the plan to both the Health Commission and the Fire Commission for further policy discussion and deliberation. We believe there are many opportunities at hand in terms of ALS and BLS systems, and we look forward to detailing these opportunities and formal recommendations in the updated plan now scheduled for February. Thank you.

Respectfully,

/s/ SANDRA R. HERNANDEZ, M.D.

Ms. Kronenberg commented that we have been very involved in looking at the entire City system and how to optimize patient outcomes, and we really do see this as a City-wide effort and would like to work with the Fire Department in determining a process that makes sense for the City as a whole. As you know, 911 communications have been at the forefront of the news for the last few years, and certainly since 101 California Street. We are really going into this process with an open mind. We have no expectations on the outcome at this point, but are involving all the key players, and hope that the outcome is something that will be good for the entire City. President Ertola thanked Ms. Kronenberg.

G) Public Comment

Audry Lee, President, Black Firefighters Association (BFA) - He commented that he wanted to address the meritorious awards and the process that is used to select the candidates for the awards. He noted that he has spoken with the Chief of Department and two Assistant Chiefs in Divisions 2 and 3 regarding this subject. While we cannot take anything away from any of the people who were recipients of the awards, there seems to be some sort of discrepancy in the investigations leading to these decisions on who will receive the awards. It seems as though it is time for this policy and procedures to be revamped and

RESOLUTION NO. 613

WHEREAS, The San Francisco Fire Department has undertaken an ever-expanding role in the provision of Emergency Medical Services (EMS) to the citizens of and visitors to the City and County of San Francisco; and

WHEREAS, The Fire Department's role of "First Responder" to emergency medical situations has drastically reduced the time for a trained Emergency Medical Technician to reach the scene of a medical emergency; and

WHEREAS, The City and County's Emergency Medical Services Agency has asked the Fire Department to participate in and to be a major component in the EMS System Configuration Project to examine the state of EMS in the City and to recommend system changes to the Health Commission, and

WHEREAS, The Fire Department in Fiscal Year 1995-96 established an EMS Program in its budget in anticipation of the Department's increased responsibility and participation in providing EMS to the citizens of and visitors to the City and County of San Francisco; now, therefore, be it

RESOLVED, That the Fire Commission supports the EMS System Configuration Project; and be it

FURTHER RESOLVED, That the Fire Commission directs the Chief of Department to provide the resources to take an active role in the EMS System Configuration Project study.

Ms. Anne Kronenberg, Executive Assistant to Dr. Sandra Hernandez, Director, Department of Public Health, read the following letter into the record:

October 24, 1995

Dear President Ertola:

I want to thank you and Chief Medina for inviting me to your Fire Commission meeting today. I regret that I am unable to attend on such short notice as I was previously scheduled elsewhere.

The Department of Public Health's Emergency Medical Services Agency (EMSA) is in the process of updating its five-year Configuration Plan. We anticipate that this open planning process will be

G) Public Comment (Continued)

Charles Crane, President, Los Bomberos - We have talked to our membership and the majority are very much in favor of it and enthusiastically look forward to getting more involved in EMS. There were a few who had concerns about the details, and of course, we would like more information. But overall we are very interested.

Audry Lee - The BFA is in favor of the transition that is possible with EMS. But, we have thought of things that could possibly come up which should be taken into consideration - (I know it is down the road quite a ways) that is the people who are in EMS; the budget whether or not the monies are going to be subtracted from the fire department's budget. If that happens there is going to be a problem. It is something that will have to be discussed down the line.

Barry Wong, on behalf of the Asian Firefighters Association (AFA) - We are also in favor of increasing the level of patient care to the citizens of San Francisco. Our only concern at this point is how the numbers will affect our staffing, and the goals we are trying to meet in terms of the Consent Decree.

6. CLOSED SESSION

The Fire Commission met in closed session with the City Attorney pursuant to the State of California Government Code, Section 54956.9. Pending Litigation (a), to discuss the matter of the USA vs. CCSF, et al. (USDC No. C 84-7089 MHP).

9:30-11:05 a.m.

No action was taken.

There being no further business to come before the Commission, the meeting was adjourned at 11:06 a.m.

looked at again as far as seeing if there are any glitches that need to be taken care of. Also, the structure of the selection committee is another thing that needs to be looked at. He thought that if this were done may be we will have a more equitable selection of members to receive meritorious awards.

Mr. Lee next commented on promotions. He wanted to know when the policy will be set in place as to how often the rotation for training will occur in these spots designated for training, such as some of the Assistant Chief, Battalion Chief, Captain, and Lieutenant spots. When will that policy be set in place as to the schedule for these people being rotated, and other persons who are in contention for being put in those positions to learn the job. Chief Medina replied that there is a rotational system in place now, and without more specifics I can't address your question. Mr. Lee said he would like to see something that is written. There is rotation but there is not a designated schedule that says they will be for six months, one year, two months or three weeks. Chief Medina said it was an issue that is part of the management plan that we are working on with the management consultants. We should be forthcoming with an answer in the not too distant future.

John Hanley, Director, Local 798 - He commented on the EMS plan and congratulated the Fire Commission and Chief of Department for taking an active role in the EMS and Local 798 looks forward to helping you in any way you wish. This will be accomplished when we all come together, do our homework and see what has happened positive and negative across the country and we will expand the role of the fire department. We appreciate your help.

President Ertola inquired if there was an article recently in the Main Line on this subject. Mr. Hanley responded affirmatively, stating further that Local 798 has sent Lieutenant Anthony Smerdel and other firefighters to a national conference in Las Vegas. Some great ideas were expressed in a networking conference, and with the tradition of the San Francisco Fire Department maybe San Francisco will create a state of the art EMS Division, so some configuration and the rest of the country will follow us. And that is what we are looking forward to.

Anita Paratley, representing, I guess, the women's network - not yet formally organized. The issue of EMS has been brought to my attention quite recently as it has to the rest of the Department. I quickly used our telephone network to try to stimulate some kind of dialogue. Of the 85-90 women firefighters in the Department, I couldn't contact most of them - about 50 something. Of those who were contacted, about 90 percent were for an EMS merger. However, most of those contacted required more information in order to make an intelligent decision.

A) Letters of Commendation (Continued)

Marin County Fire Department
Vision Fire

October 23, 1995

Dear Fellow Firefighters:

I would like to take this opportunity to personally thank each and every one of you who faced the Devil with me on Inverness Ridge on the afternoon and night of October 3 and 4, 1995.

It was truly by your heroic efforts alone that hundreds of homes and worldly possessions were saved. Further, for the 16 homes saved in "ground zero," your efforts go far beyond the call of duty, your expertise and your fortitude are the primary reason those fortunate people had something to return to.

It is my personal feeling that recent articles and editorials in the media with quotes by people representing themselves as experts detract from your efforts. These articles intimate that the 16 homes in the so called "hot zone" survived because of vegetation clearance. All of us who were there know that in the firestorm conditions that existed, clearance was not the main issue. The real issue was that at each of those homes there was one or more fire engines staffed by dedicated, tenacious firefighters. The only triage done, if any, was; "can we survive here?" based on your level of entrapment, a little topographic advantage, your proximity to and angle of the 200 foot plus wall of fire coming at you and around you and consuming everything in its path. If the answer was yes or even maybe, you hung in there and tried to save yourselves, the home and your engine. Sometimes you were successful and sometimes overwhelmed. All of this without regard as to whether the homeowner had done prep work or not. It was someone's home and you did your best.

We all agree that vegetation clearance, non flammable roofs, etc., play a big role in the survival or demise of structures in most wildland fire situations and I do not for an instant want to detract from its importance. My only point is that in firestorm conditions even structures with defensible space will be lost but for the efforts of tenacious heroic firefighters like you.

My heart, as does yours, goes out to those people who lost their homes and possessions to the Vision Fire. Remember they were lost to the fire. We as firefighters did not lose a single home, the fire took them. In order to lose something, you must first have it. We never had those 45 homes. We miraculously took back 16 and saved hundreds. None of you are losers, but instead big time winners. You won the battle of Inverness Ridge and the fire took its toll.

Again to all of you my thanks and congratulations for a job very well done. I would be proud to fight fire with any of you anytime, anywhere. Many of you I never got the privilege to meet, yet I feel a strong kinship with you all.

With heartfelt sincerity,

/s/ JIM SELFRIDGE, Operations Chief

Dear Chief Medina:

On behalf of the staff and Board of Directors, I thank you and the San Francisco Fire Department for the extraordinary effort made this past weekend to preserve our home office and historic building here at 1010 Gough Street from the devastating fire at St. Paulus Church.

We are deeply saddened for our neighbors and friends across the street, but remain thankful for the dedication and teamwork displayed by the Fire Department. As one of the oldest and largest nonprofits in San Francisco serving over 30,000 men, women and children a year, the loss of our home office would have substantially compounded the tragedy felt by our city at the loss of St. Paulus. I am happy to report, thanks to the San Francisco Fire Department, our building sustained only minor damage and was open for business as usual this Monday morning.

Again, thank you and the entire San Francisco Fire Department for keeping us safe. You are greatly appreciated.

Sincerely,

/s/ JAN ZIVIC
President

He was a very good speaker, and I would recommend him to anyone who needs this service in the future!

Dear Deputy Chief Olson:

On behalf of the Oakland Fire Department, I wish to extend to you my deepest gratitude for allowing Lieutenants Robert Fennell and Russell Albano to come to Oakland to instruct our members in Lifeguard Training. Because of their efforts, our Dive Team will now have the added capability of addressing surface rescue. To date, they have trained 22 members of our Team.

I received nothing but positive feedback from our members who attended the class. Everyone was impressed with their straightforward and professional approach to the classes. You can be proud to have both Bob and Russ represent your department.

Please convey our gratitude to them. And again, I thank you!

Dear Chief Medina:

I am writing to express my extreme thanks and gratitude to the men of Station 22. On July 30, 1995, at 3 a.m., my husband became very ill. So I called 911. To my amazement help was here in moments. To make things more difficult for your men a new skylight was in the tunnel entrance but it was removed and set aside so that the paramedics could go through. And a very nice fireman helped me into the ambulance so I could go to the hospital too. It is such a good feeling to have such wonderful response when a senior citizen calls for help in the middle of the night. I was so desperate but your men were right there for us. I'm sure that if help had not come so quickly my husband would not be alive today.

Many thanks to the men on duty at Station 22, July 30, 1995.

Dear Chief Medina:

I am writing this letter to express the thanks of the Recreation and Park Department for the outstanding performance of the San Francisco Fire Department crews responding to the November 13 chlorine release at Rossi Pool.

I have received numerous reports from staff regarding the sensitivity used by your people in dealing with the children in a very frightening situation. It is comforting to know that when these unfortunate situations do occur, a Fire Department of such unparalleled professionalism can be relied upon.

Again, our thanks for a job well done.

Very truly yours,

Dear Chief Medina:

Please extend to all of the courageous firefighters, our deepest, loving gratitude as they risked their lives to save St. Paulus.

Such courage, dedication and unselfishness is to be commended and surely lends itself to the universal energy of goodness and love. For only love of your work allows people to jeopardize their lives to save others. You are all truly living Saints.

Please pass on this letter of thank you to the two firefighters who were injured. We are so thankful they, nor anyone else was seriously hurt.

You and your entire team will remain forever in our hearts and prayers.

Dear Commissioners:

On November 10, 1995, we called 911 as a chimney fire had started at our home. We just wanted to thank Lieutenant Thomas Doudiet and his team for their response and checking that our roof was not in danger of catching fire. The Chimney Sweep order has already been placed.

I am grateful that the 911 system was in working order with no snafus. This is the only time we have ever needed emergency services and we appreciate and thank all the staff involved.

Dear Chief Medina:

We have participated in the Firefighters in the Schools for the last two years and have found it quite valuable for our 72 students. Captain Traversaro and Ron (bilingual presenter) did a great job presenting to the preschoolers on Monday, November 13. For many of the children this is their first experience with meeting real firefighters and sitting in a fire engine. The presentation on fire safety is very educational, and the coloring books, stickers, hats, etc., are wonderful reinforcement tools. The bilingual Chinese/English materials are very useful for our immigrant families. We look forward to having the firefighters come out and visit next year. Thank you for continuing this program.

Sincerely,

/s/ LISA QUAN, Director

Dear Mayor Jordan:

Thought I would take a few moments on "Susan Sheldrake Day" in San Francisco to thank you for your support of the NERT program. The proclamation you presented to me on September 29 at the meeting of the Disaster Council was truly an honor. However, as impressive as they may seem, all the "Whereases ..." of any individual effort would not be possible were the City and County of San Francisco not so supportive and encouraging of its citizens.

It is obvious that the NERT training program exists only through the generosity of this City's resources; both in talent and material. As Advisory Board Chair, I feel I speak for many when I say that we are especially grateful to Firefighter Frank Lucier, Program Coordinator, for his many hours of dedication and seemingly boundless energy; to the San Francisco firefighters who serve as instructors; and to Chief of Department Joseph A. Medina, and the Mayor's Office of Emergency Services for their continuing support.

Thank you,

San Mateo County Fire Fighters
2121 South El Camino Real, Suite 510
San Mateo, California 94403

December 5, 1995

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

The Pacifica Firefighters would like to thank San Francisco Firefighters John Shanley and Daniel Gracia for their assistance at the following incident.

On November 20, 1995, at 1337 hours, the Pacifica Fire Department received a report of a structure fire at a three story apartment complex in the Vallemar district of this city. On arrival the first-in engine company found a working fire on the third floor of an apartment building with flames blowing out the rear windows. As the engine company pulled in front of the complex to start operations, Firefighters John Hanley and Dan Gracia identified themselves as SFFD personnel, and Mr. Nick Gracia as the brother of Dan. They previously aided in evacuating the building and scouted the fire location. After passing on this information to us they offered their help. These individuals assisted in stretching both a 5" supply line and a 1-3/4" attack line up three flights of stairs. By doing this it allowed a quick attack which held the fire to a single unit with only some smoke and heat damage to the adjacent third floor units.

On behalf of the Pacifica Firefighters, I would like to express my sincerest appreciation for their assistance in combatting this fire. Their professionalism and immediate action was a great help to the first-in fire crews, thereby avoiding a more serious incident.

Sincerely,

/s/ ROBERT L. TRAPP
Vice President/Local 2400

Dear Chief Medina:

Sixty-six Holy Name Kindergarteners plus over a dozen teachers, parents and siblings made their annual trek to Engine No. 23/18 on Monday, November 20th.

After a welcome by Lieutenant Tyrone Rockett, Firefighter Frank Rolan toured us through the "tools of the trade": the pole, water hose, jacket, air mask, hook and ladder, pump engine, and the horn and siren. A welcome over the speaker was the high point of our visit.

We appreciate the "community outreach."

Resources for Child Care Management

December 4, 1995

Chief Joseph A. Medina
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, CA 94102

Dear Chief Medina:

I am writing to commend Lieutenant Anthony Smerdel for coming to our day care center to discuss fire safety issues with our 2-5 year old children. We have close to 150 children and Tony tirelessly talks with them all. Tony has been visiting us for several years. He always comes with a lot of important and relevant information for the children and staff, appropriate handout materials and great sense of humor. Tony seems to understand children and tailors the information he presents to meet the needs of the age group.

We have found it very valuable for Tony to visit as an actual representative of the fire department. He dresses in the uniform and puts on the special "fire gear" so the children will know what to expect in case of a fire or evacuation emergency. As teachers, we appreciate the real life association Tony and other visiting firefighters bring to the children. The coloring book, stickers, fire hat, and stop-drop-roll foldouts also add to extending the lessons discussed during the visit. We feel fortunate to receive these handout materials free of charge.

I hope that San Francisco Fire Department is able to continue to support the Firefighters in the Schools educational program. Our center has profited from the association. Thank you.

Dear Chief Medina:

I am writing to let you know what an outstanding job Firefighter Fernando Juarez did when presenting fire safety information to the patients and staff at Bridge to Wellness (BTW) on November 29, 1995. Firefighter Juarez convincingly demonstrated he has both the skill and patience necessary to convey crucial safety information to individuals with serious mental illness. Both he and the SFFD are to be commended for providing such a valuable service to the community. I would also like to tell you how we were impressed by the quick manner in which SFFD responded to our request and its willingness to accommodate our special needs.

Because of patient flow into and out of BTW, it is necessary for our fire safety efforts to be on going. Therefore, I am hopeful that we will have the services of Firefighter Juarez available to us again in the future. We certainly could use his help!

Sincerely,

/s/ ERIC SEELEY

Dear Chief Medina:

I would like to thank the fire truck and also the ambulance that answered a call on November 3, 1995, at 9:30 p.m., at 259 Chenery Street. The fire truck arrived first, and gave the person who was having difficulty breathing, oxygen until the ambulance arrived shortly thereafter, and took over and took the patient to St. Luke's Hospital. It is comforting to know help is there when needed. Sincere thanks to everyone who answered this call.

Subject: Recognition of Firefighters Volunteering at
Self Help for The Elderly - Thanksgiving Day

On November 23, 1995, the Self Help for The Elderly held their annual Thanksgiving food service at the Lady Shaw Residential Center on Mason Street. Every year the Self Help for The Elderly provides a thanksgiving meal for approximately 1,700 seniors in the Chinatown/North Beach area. In this large number of seniors, the Self Help also provides meals that are delivered to a senior's residence. Approximately 350 meals (50 more from last year) were delivered to seniors and without the generosity of the listed firefighters who volunteered their time on Thanksgiving Day, the event for the Self Help wouldn't have been such a success.

We are addressing this memorandum to you on behalf of these firefighters who assisted us, hoping that they will receive some recognition for their dedication to service. Thank you.

The firefighters in attendance:

E) Public Comment

James Ahern, President, Firefighters Local 798, read the following statement:

Good Morning, President Ertola, Commissioners Molinar, Clay, Morrow, Ng, and Chief of Department Joseph Medina.

My name is James Ahern, President of San Francisco Fire Fighters Local 798. The purpose of my visit this morning is to notify the San Francisco Fire Commission that there has been a change of officers within Local 798. On November 14, 1995, James Ferguson resigned as president of Local 798, a position he held since January 11, 1973.

Mr. Ferguson will continue to serve as the 10th District Vice President of the International Association of Fire Fighters, AFL-CIO, CLC, representing firefighters in California, Arizona, New Mexico and Hawaii.

On December 14, 1995, I was elected as president of Local 798 and appointed Lonnie Magnusen as secretary and John Hanley as vice-president. What does this change represent to the fire department and to the citizens of San Francisco? San Francisco Fire Fighters Local 798, which represents more than 1,300 men and women in the San Francisco Fire Department, is an ever changing and diverse work force, in an ever changing and ethnically diverse city, is committed to: maintain and improve working conditions and benefits for all firefighters; to monitor the health and safety conditions both at work site locations and at fire ground operations; to promote the efficiency and good name of the Fire Department; to promote the athletic and social affairs for the health and welfare of its members; to make charitable contribution for worthy causes; continue to sponsor the Fire Fighters' Toy Program which is in its 46th year of providing donated toys to the children of San Francisco.

Local 798's commitment is clear: a fair wage and decent working conditions while serving the citizens of San Francisco responding to increasing fire and emergency rescue calls day in and day out throughout the year.

The officers and members of San Francisco Fire Fighters Local 798 wish you a Happy Holiday Season and look forward to working with you in 1996.

President Ertola, on behalf of the Commission, congratulated Mr. Ahern on his ascendancy to the position of President of Local 798. He expressed the Commission's appreciation for his attendance at Commission meetings for the past four years, and wished him well for the future.
